OFFERING CIRCULAR

Driver **CHINA eighteen**

CCB TRUST CO., LTD.

as Issuer of Driver China eighteen

(A trust company formed in accordance with laws and regulations of the People's Republic of China)

RMB 3,265,000,000.00 Class A Asset Backed Notes due 2033, issue price: 100 per cent

RMB 535,000,000.00 Subordinated Notes due 2033

The Class A Asset Backed Notes (the “Class A Notes”, the “Senior Asset Backed Notes” or “Senior Notes”) and the Subordinated Notes (together with the Senior Notes the “Notes”) entitle each Noteholder to demand the payment of a particular amount of interest and/or principal only, if and to the extent sufficient amounts have been received by CCB Trust Co., Ltd. (the “Issuer”) from Collections in particular in respect of Principal and Interest under the Purchased Receivables or from the enforcement of the Loan Collateral. The aggregate nominal amount of the Notes plus an amount of RMB 200,014,064.30 for overcollateralisation purposes equals the present value of the Purchased Receivables discounted at the date of 31 August 2026 at the Discount Rate of 3.3134 per cent. per annum. Subject to the Order of Priority each Senior Noteholder is entitled to the payment of RMB 100 of principal per Senior Note plus applicable interest. Payments of principal and interest on each Class of Notes will be made monthly in arrear on the 26th day of each month in each year, subject to adjustment for non-Business Days, commencing on the Payment Date falling on 26 October 2026. The Notes will bear interest at the interest rates determined by way of book building issuance through the book building issuance system in respect of the Class A Notes (the “Class A Notes Interest Rate”) and fixed interest rate in respect of the Subordinated Notes, which shall be determined prior to the Issue Date. The amount of interest payable in respect of each Class of Notes on any Payment Date shall be calculated not later than the 1st day of the relevant Interest Period by applying the applicable interest rate to the principal amount outstanding immediately prior to such Payment Date and multiplying the amount thereof by a fraction with the numerator being the actual number of days in such Interest Period and the denominator being 365, all as determined by the Trust Company.

The issue of Class A Notes and Subordinated Notes (the “Issue”) has been initially registered with the China Credit Assets Registry & Exchange Co., Ltd. (the “CCRE”), obtained the *Notice of Issuance of Information Registration Code for Credit Asset Securitization* (Product Information Registration Code: A2026000026) and been approved by the People’s Bank of China (the “PBOC”) under the *Decision of the People’s Bank of China to Grant Administrative Permission* (ref. Yin Xu Zhun Yu Jue Zi [2026] No. 62).

Ratings are assigned to the Senior Notes by China Bond Rating Co., Ltd. (“China Bond Ratings” or “CBR”) and Fitch (China) Bohua Credit Ratings Ltd. (“Fitch Bohua”) The Trust Company agrees that China Bond Rating Co., Ltd. shall be engaged by China Merchants Securities Co., Ltd. acting as the Lead Underwriter of the Notes who is representing the Noteholders, at the cost of the Trust Assets.

The Issuer accepts full responsibility for the information contained in this Offering Circular, notwithstanding that the Originator, the Lead Underwriter, the Joint Lead Underwriters or any other party where any of these parties has expressly accepted responsibility for its own description or information which it provides in this Offering Circular, provided that, with respect to any information included herein and specified to be sourced from a third party (i) the Issuer confirms that any such information has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from the information available to it from such third party, no facts have been omitted, the omission would render the reproduced information inaccurate or misleading and (ii) the Issuer has not independently verified any such information and accepts no responsibility for the accuracy hereof. The Issuer has taken all reasonable care to ensure that the information given in this Offering Circular is to the best of its knowledge in accordance with the facts and does not omit anything likely to affect its importance. The Issuer has taken all reasonable care to ensure that the information stated herein is true and accurate in all material respects and that there are no other material facts the omission of which would make misleading any statement herein, whether of fact or opinion. VWFC as the Originator and Servicer only accepts responsibility for any information in this Offering Circular relating to the Purchased Receivables, the Loan Collateral, risk factors relating to the Purchased Receivables, the information contained in "DESCRIPTION OF THE PURCHASED RECEIVABLES AND THE LOAN COLLATERAL".

No person has been authorised to give any information or to make any representations, other than those contained in this Offering Circular, in connection with the issue and sale of the Notes and, if given or made, such information or representations must not be relied upon as having been authorised by the Originator, the Issuer, the Lead Underwriter and the Joint Lead Underwriters shown on the cover page or any other parties described in this Offering Circular.

Neither the delivery of this Offering Circular nor any offering, sale or delivery of any Notes shall, under any circumstances, create any implication (i) that the information in this Offering Circular is correct as of any time subsequent to the date hereof, or (ii) that there has been no adverse change in the financial situation of the Issuer or with respect to VWFC since the date of this Offering Circular or the balance sheet date of the most recent financial statements or (iii) that any other information supplied in connection with the issue of the Notes is correct at any time subsequent to the date on which it is supplied or, if different, the date indicated in the document containing the same.

The Notes in this issue represent only corresponding shares in the beneficiary interests in the special purpose Trust and do not constitute liabilities of the Originator, the Trust Company or any other organization towards the investors. The recourse of investors under the Notes in this Issue is limited to the Trust Assets. The Originator assumes no obligation or liability for any losses that may arise in the course of the credit asset securitization other than the duties it may be required to assume as Grantor under the Trust Agreement and as Servicer under the Servicing Agreement. The Issuer's obligation to investors for payment of the principal of and benefits from the Notes is limited to the Trust Assets.

Investors purchasing Notes in this Issue should carefully read this Offering Circular and the relevant disclosure documents and make independent investment judgements. The approvals for the Issue given by the competent authorities do not constitute any appraisal of the investment value or any judgement of the investment risk of the Notes in this issue.

The basic offering information provided in this Offering Circular does not purport to be complete and is qualified in its entirety by the detailed information appearing elsewhere in this Offering Circular and related documents referred to herein. For a discussion of certain risk factors to be construed in connection with an investment in the Notes, see "RISK DECLARATION FOR INVESTORS".

For reference to the definitions of capitalised terms appearing in this Offering Circular, see "MASTER DEFINITIONS SCHEDULE". Capitalised terms not specifically defined in the basic offering information shall have the respective meanings set out in Clause 1 of the MASTER DEFINITIONS SCHEDULE dated on the Signing Date for identification purposes by the Transaction Parties.

IMPORTANT INFORMATION

The Asset Backed Notes are issued pursuant to the *Notice of Issuance of Information Registration Code for Credit Asset Securitization (Product Information Registration Code: A2026000026)* and the *Decision of the People's Bank of China to Grant Administrative Permission (Yin Xu Zhun Yu Jue Zi [2026] No. 62)*.

The Issuer confirms that, as of the date indicated in the cover of this Offering Circular, this Offering Circular does not contain any falsehoods, misleading statements or major omissions.

The Asset Backed Notes represent only corresponding shares in the beneficiary interests in the special purpose Trust and do not constitute liabilities of the Originator, the Trust Company or any other organization towards the investors. The recourse of investors under the Asset Backed Notes is limited to the Trust Assets. The Originator assumes no obligation or liability for any losses that may arise in the course of the credit asset securitization other than the duties it may be required to assume as Grantor under the Trust Agreement and as Servicer under the Servicing Agreement. The Trust Company's obligation to investors for payment of the principal of and benefits from the Asset Backed Notes is limited to the Trust Assets.

Investors purchasing the Asset Backed Notes should carefully read this Offering Circular and the relevant disclosure documents and make independent investment judgements. The approvals for this issue given by the competent authorities do not constitute any appraisal of the investment value or any judgement of the investment risk of the Asset Backed Notes in this issue.

Abstracts of opinions of the intermediary agencies in this Offering Circular, including the rating reports, legal opinion, accounting opinion and tax opinion, have been verified by relevant intermediary agencies, and the Issuer shall ensure the authenticity and accuracy of its references.

SPECIAL NOTICE

On 13 July 2026, Volkswagen Finance (China) Co., Ltd. has disclosed the *Volkswagen Finance (China) Co., Ltd.'s Registration Application of Driver China Auto Loan Securitization in Future Two Years* on the official website of Chinabond, ChinaMoney and Beijing Financial Assets Exchange.

The Class B Notes will not be issued in the Driver China eighteen transaction. Therefore the description of Class B Notes is not included in this Offering Circular compared with the registration information of Driver China Auto Loan Securitization.

The other key terms of the Asset Backed Notes under Driver China eighteen has not been changed.

1. RISK DISCLOSURE FOR INVESTORS

Any prospective investor should carefully consider the following risk factors when it appraises the Notes and before it purchases the Notes.

Concentration Risk

Concentration risk means the risks that are arising from the concentration in respect of the type of the Borrowers, the geographic region, the brand of automobile, the amount of automobile loans, the type of automobile loans and other aspects with respect to the Purchased Receivables.

In order to mitigate the concentration risk, the Issuer will diversify the asset pool to include the automobile loans lent to both corporate clients and individual clients in different cities for various brands of automobiles by virtue of different types of credit.

Structural Risk

Structural Risk means the risks that are attributable to the complication of the transaction structure due to the involvement of various parties and the existence of complex mechanisms, such as “red pool” and “black pool” cut and the Targeted Overcollateralisation Amount etc.

The Issuer will introduce the transaction in details to the investors in investor presentations; the Transaction Documents will also clearly establish the legal relationship of rights and obligations among the parties to the transaction; the Issuer will disclose information strictly in accordance with relevant laws, regulations and policies in order to avoid insufficiently transparent dealings; the Offering Circular will include a comprehensive information disclosure to investors; during the life of the asset-based note, the trustee will periodically publish a trustee report and occasionally publish any major matters which could affect the interests of the investors, in order to improve the transparency of the securitization process; and the Issuer will engage Ratings Agencies to provide the initial rating as well as follow-up ratings throughout the life of the relevant securities.

Credit Risk

Credit risk refers to the risk of failure to repay the principal and interest of the Notes or failure to repay the same as scheduled, thereby causing the investors to sustain losses. As the principal of and earnings from the Notes is reliant on the collection of principal and interest on the loans from the asset pool and the corresponding credit enhancement arrangement, the credit risk of the loan per se is the most important factor in terms of the credit risk posed by the Notes.

The Notes provide safeguards against credit risk mainly through the following measures: the Issuer has established a “bankruptcy remoteness” mechanism by means of transaction arrangements; formulated strict pool entry standards; separated the Notes into different Classes so that Subordinated Noteholders provide credit protection for Senior Noteholders in order to enhance credit internally and engaged authoritative Rating Agencies with market accountability to assign credit ratings.

Early Repayment Risk

The Borrower may for various reasons repay all or part of the principal of the loan ahead of schedule. As the Issuer intends to use the pass-through securities method for the Notes, early repayment of the principal by the Borrower will directly trigger early repayment of the principal of the Notes, thereby affecting the term of and earnings from the Notes.

The Notes provide safeguards against early repayment risk mainly through the following measures: in the course of designing asset-backed note products, the Issuer has created a mathematical model using applied calculation methods to analyze the historical data and predict future cash-flows in order to complete the structured design of

the Notes. However, as it is not possible that the cash-flow predicted on the basis of the historical data and the actual cash-flow will be entirely consistent, investors will inevitably bear some early repayment risk.

Liquidity Risk

Liquidity risk with regard to Notes means the risk that the investor sustains losses due to inability to sell the relevant securities at a fair price within a reasonable period. After the completion of the Issue of the Notes, the Trust Company will apply for the Notes to be traded at the National Interbank Bond Market. However, it cannot be assured that the issued Notes will be approved by the PBOC to be traded. Furthermore, even if such approval is obtained, as repayment of the principal and interest of the Notes is different from that of ordinary securities and the value appraisal method is somewhat exceptional and as the PRC's asset securitization market is still at the initial phase, investors do not adequately understand the same and are not sufficiently familiar with the relevant methodology. Accordingly, the issue of low liquidity will remain in the short term. However, if investors treat the Notes as long-term investments and plan on holding the same to maturity, they will be relatively unaffected by liquidity risks. In line with the development of the asset securitization market, expansion of the investor base and the emergence of new laws and regulations, we believe that the liquidity risk will be reduced step by step.

Interest Rate Risk

Interest rate risk means the risk that fluctuations in market interest rates will affect the price of the Notes thereby causing investors to sustain losses. Interest rate risk is a risk which affects all fixed income securities. Compared to other fixed income securities, the interest rate risk for the Notes has its own characteristics: fluctuations in the interest rate will affect repayments by the Borrower, thereby causing fluctuations in asset pool cash-flow and affecting the price of the Notes.

Interest rate risk is unavoidable for fixed income securities, and the possibility of loss can be reduced only through analysis of market trends by investors themselves coupled with the use of interest rate risk control methods. For this securitization, the Issuer will fully disclose to investors those features of the interest rate risk pertaining to the Notes that differ from those pertaining to other types of securities, and investors should make their investment decisions based on their own needs.

Operational Risk

Operational risk means the risk of inappropriate action by the relevant parties in terms of the transaction structure or the transaction timetable that causes investors to sustain capital losses. This includes potential ethical risks resulting from asymmetric information.

Operational risk may originate from an investor's own internal risk controls, or from an intermediary engaged for this particular asset securitization. With respect to the latter, the following measures have been taken to reduce the operational risk to investors for this securitization transaction: the Transaction Documents have strictly established the legal relationship of rights and obligations among the parties to the transaction so as to ensure the legality, integrity and tightness of the agreements signed among the parties; the Issuer will disclose information strictly in accordance with relevant laws, regulations and policies in order to avoid insufficiently transparent dealings; the Offering Circular will include a comprehensive information disclosure to investors; during the life of the asset-based note, the trustee will periodically publish a trustee report and occasionally publish any major matters which could affect the interests of the investors, in order to improve the transparency of the securitization process; and the Issuer will engage Ratings Agencies to provide the initial rating as well as follow-up ratings throughout the life of the relevant securities.

Legal Risk

Legal risk means the risks that the contracts would not be implemented due to certain defects of financial regulations, misunderstanding of provisions by relevant parties, lack of enforcement or ambiguity of provisions etc., as well as other risks in connection with litigation, adverse judgment and deficiency of legal instruments. The

legal risk exists during the life of a contract, including the signing of the contract, the performance of the contract and any dispute resolution proceedings in relation to the contract.

Risk from Order of Priority Change after Foreclosure Event

Following the occurrence of a Foreclosure Event, the Issuer will adjust the Order of Priority, and distributions will be made distribute from the Available Distribution Amount and the amount credited to Cash Collateral Account according to the following Order of Priority: 1. amounts payable by the Issuer in respect of taxes in relation to the Trust; 2. the Servicer Fee payable to the Servicer; 3. on a pari passu basis, the Trust Company Fee and Expenses payable to the Trust Company, the Expenses (including those Expenses in relation to the performance of the notification obligations referred to the Trust Agreement) payable to the Servicer (or replacement Servicer), the Custodian Fee and Expenses payable to the Account Bank, the Paying Agent Fee and Expenses payable to the Paying Agent, the Rating Agencies Fee and Expenses payable to the Rating Agencies, and the Auditor Fee payable to the Auditor; 4. amounts payable in respect of interest accrued during the immediately preceding Interest Period plus Interest Shortfalls (if any) on the Class A Notes; 5. to the holders of the Class A Notes in respect of principal until the Class A Notes are redeemed in full; 6. amounts payable in respect of accrued and unpaid interest on the Subordinated Notes (including, without limitation, overdue interest); 7. (i) prior to the satisfaction of Clean-Up Call Conditions or in the case that the Clean-Up Call Conditions are satisfied but the Originator does not exercise the Clean-Up Call, to the Subordinated Noteholders for repayment of outstanding principal amounts of Subordinated Notes on condition that the outstanding principal amounts of Subordinated Notes after repayment is no less than an agreed percentage of the then outstanding principal amount of the Notes; or (ii) after the satisfaction of Clean-Up Call Conditions and the Originator choose to exercise the Clean-Up Call, to the Subordinated Noteholders, for repayment of outstanding principal amounts of Subordinated Notes until it has been reduced to zero; and 8. to pay all remaining excess to the Originator by way of final success fee.

Therefore following the occurrence of a Foreclosure Event, the Subordinated Notes will be the first and the Class A Notes will be the last, to suffer the loss.

Impact of PRC Laws

The issue and trading of the Asset Backed Notes involve a series of complex legal relationships. Following is general outline of the factors under PRC law which will affect the Asset backed Noteholders. This general outline does not constitute an exhaustive description of all the legal issues. Asset Backed Noteholders should factor in the nature of these particular Asset Backed Notes and the Chinese political and legal environment, and carry out any further investigation they deem appropriate based on their own judgment.

The Legal and Regulatory Framework for Credit Asset Securitization Transactions

In the PRC, credit asset securitization projects mainly mean structured financing activities pursuant to which a financial institution in the banking sector acting as the Originator places credit assets in the custody of a trustee for the trustee to issue beneficiary securities to institutional investors in the form of asset backed notes and pay the earnings on the Asset Backed Notes using the cash generated from the relevant assets. The main oversight authorities for credit asset securitization transactions are the National Financial Regulatory Administration (formerly known as "China Banking and Insurance Regulatory Commission", the "NFRA"), the PBOC and the CCRC. The NFRA supervises and administers the credit asset securitization business activities of the relevant institutions according to law, and the PBOC supervises and administers the offering and trading of Asset Backed Notes on the national interbank bond market according to law, and credit asset securitization products shall be registered with CCRC.

Financial institutions which engage in credit asset securitization business must comply with such laws, administrative regulations, departmental rules and regulatory documents as the *Trust Law of the People's Republic of China* (the "**Trust Law**"), the *Measures for the Administration of Pilot Projects for Securitization of Credit Assets*, the *Measures for the Regulation of Pilot Projects for the Securitization of the Credit Assets of Financial*

Institutions, the Rules for Disclosure of Information On Asset-Backed Securities, the Circular Concerning the Filing Process of Securitization of Credit Assets, the Notice by the General Office of the CBIRC on Matters concerning the Information Registration of Credit Asset Securitization of Banking Financial Institutions, the Business Rules of China Credit Asset Registration & Exchange Co., Ltd. for Information Registration of Credit Asset Securitization, etc. As the trustee of the credit assets securitization transaction, the trust company must also comply with laws and regulations for the administration of the industry such as the *Measures for the Administration of Trust Companies, the Measures for the Administration of Plans by Trust Companies to Concentrate Assets in Trusts, etc.* In addition, the loan business relating to such business carried by financial institutions, and the civil legal relationships involved in the taking out of loans, mortgages, etc. must also comply with such finance laws, regulations and rules as the *Administrative Measures for Auto Finance Companies, the Measures for the Administration of Auto Loans, etc.,* as well as civil laws and regulations and their judicial interpretations such as the *Civil Code of the People's Republic of China* (the “**Civil Code**”), the *Civil Procedure Law of the People's Republic of China* (the “**Civil Procedure Law**”) and the *Enterprise Bankruptcy Law of the People's Republic of China* (the “**Enterprise Bankruptcy Law**”), etc.

Special Purpose Trusts

The Trust Law states that the term “trust” means the acts whereby the settlor, based on his trust in the trustee, entrusts the rights in his property to the trustee and the trustee manages or disposes of such property in his own name in accordance with the wishes of the settlor for the benefit of the beneficiary or for a specified objective. Credit asset securitization business draws on the concept of trust asset independence to create according to law a special purpose trust whose objective is the securitization of assets as a special purpose vehicle in order to realize the requirement of bankruptcy remoteness in credit asset securitization deals.

1. Establishment of a Special Purpose Trust

As required under the Trust Law, a lawful trust objective is required when establishing a trust and the trust property must be lawfully owned by the settlor, the property and property rights must be determinate, and the trust beneficiaries or class of beneficiaries must be determinate. The trust shall be void if its objective violates laws or administrative regulations or harms the public interest, if it is specifically established for the purpose of instituting a legal action or for recovering a debt, if it is established with illegal property or property which may not be used to establish a Trust, or if the Trust property cannot be determined.

If the trust is established for a special purpose, the originator must transfer the credit assets to the trustee of the special purpose Trust. If a financial institution intends to establish a trust with trust property composed of credit assets, it must carry out the relevant statutory procedures for the transfer of the creditor's rights in the loan and ancillary security rights such as mortgage rights, etc.

In addition, pursuant to the Trust Law, when establishing a trust, if relevant laws and administrative regulations require the trust property to be registered, trust registration shall be carried out according to law; otherwise, the trust will not enter into effect. The trust company shall register the trust with China Trust Registration Co., Ltd in accordance with *Administrative Measures for Trust Registration*. The *Measures for the Administration of Pilot Projects for Securitization of Credit Assets* specify that the originator of the credit assets securitization shall publish an announcement in the national media and notify the relevant rights holders of the transfer of credit assets by means of the establishment of a special purpose trust.

Under the relevant provisions of the *Measures for the Administration of Pilot Projects for Securitization of Credit Assets, the Circular Concerning the Filing Process of Securitization of Credit Assets, the Measures for the Regulation of Pilot Projects for the Securitization of the Credit Assets of Financial Institutions, the Notice by the General Office of the CBIRC on Matters concerning the Information Registration of Credit Asset Securitization of Banking Financial Institutions, the Business Rules of China Credit Asset Registration & Exchange Co., Ltd. for Information Registration of Credit Asset Securitization*), the originator and the trustee in a credit assets securitization project should effect the

credit asset securitization information registration with CCRE and obtain approval from the PBOC for the transfer of credit assets through the creation of a special purpose trust and such matters as offering or private offering of asset backed securities on the national interbank bond market.

2. Independence of Trust Property

Under the *Trust Law*, the *Measures for the Administration of Pilot Projects for Securitization of Credit Assets* and the *Measures for the Regulation of Pilot Projects for the Securitization of the Credit Assets of Financial Institutions*, once the special purpose trust has been established, the Trust Assets are independent of the property owned by the Originator, the trustee, the loan servicing institution, the Account Bank, the securities registration and custody organization and any other entity which provides services for the securitization deal. If such entities are liquidated because they are legally dissolved, legally shut down or legally declared bankrupt, etc., the Trust Assets shall not become a part of their liquidation property. None of the Originator, the trustee, the loan servicing institution, the Account Bank, the securities registration and custody organization and any other entity which provides services for the securitization deal may exercise any right of set-off against the Trust Assets in order for the Asset Backed Noteholders to obtain repayments with regard to its debts. The claims and debts created by the trustee its administration, operation and disposal of the various Trust Assets may also not be set off against each other. With the exception of such statutory grounds as the priority claim rights, rights of set-off or rights of defense held by creditors against the Credit Assets prior to the establishment of the Trust, debts created by the trustee in the handling of trust matters relating to the Trust Assets or taxes payable on the Trust Assets themselves, no claims may be enforced against the Trust Assets.

Transfer by Financial Institutions of Creditor's Rights in a Loan and Ancillary Security Rights

1. Transfer of Creditor's Rights in Loans by Financial Institutions

(1) Transfer of Creditors Rights

Pursuant to the Civil Code, if a financial institution transfers the creditor's rights in a loan as the original creditor, it does not need to obtain special approval or carry out special registration procedures, and the transfer of creditor's rights will become legally effective between the original creditor bank and the transferee at the time of entry into effect of the transfer contract or other time agreed in the transfer contract. When a financial institution transfers its creditor's rights in a loan, it does not need to obtain the debtor's consent, but the original creditor bank does need to notify the debtor. If the debtor is not notified, the transfer of the creditor's rights in the loan will not be legally effective vis-à-vis the debtor. The debtor will continue to perform his obligations to the original creditor bank, and the transferee will have no right to require the debtor to perform its obligation.

With regard to the entry into effect of a notice of transfer of creditor's rights vis-à-vis a debtor, the PRC currently implements the doctrine of actual service of the notice. Except in the case where a state-owned commercial bank transfers creditor's rights in a non-performing loan to a financial asset management company, provided that the financial institution effecting the transfer notifies each debtor of the fact of the transfer, the transfer of creditor's rights will be effective vis-à-vis the debtor.

Furthermore, under the *Measures for the Administration of Pilot Projects for Securitization of Credit Assets*, the financial institution making the transfer of creditor's rights in a loan should publish an announcement in the national media and notify the relevant rights holders of the details of the transfer of the creditor's rights in the loan and of the ancillary security rights such as mortgage rights, etc. through the establishment of a special purpose trust. If the NFRA or other oversight authority has additional requirements for the transfer of creditor's rights in loans pursuant to the securitization of credit assets, such requirements must be complied with.

(2) Right of Set-Off and Right of Defense of the Debtor

When a financial institution transfers creditor's rights in a loan, the rights of the transferee may be affected by the debtor's right of set-off and the right of defense vis-à-vis the original creditor. Under the Civil Code, when a debtor receives notice of transfer of creditor's rights from the original creditor, if the debtor has a claim against the original creditor and such claim falls due prior to or at the same time as the transferred creditor's rights in the loan, or the claim of the debtor against the original creditor and the transferred creditor's rights in the loan are generated on the basis of the same contract, the debtor may claim the right of set-off against the transferee. Moreover, after the debtor has received notice of the transfer of creditor's rights, any right of defense which the debtor previously held against the original creditor may be claimed against the transferee.

2. Transfer by a Financial Institution of Security Rights Ancillary to the Creditor's Right in a Loan

Pursuant to the Civil Code, if a financial institution lawfully assigns the principal claim to a third party during the guarantee term, the ancillary guaranteed obligation is simultaneously assigned; the financial institution need only notify the guarantor of the fact that the principal claim has been transferred. If the guarantor is not notified, the transfer of the principal claim shall have no effect on the guarantor. In addition, if the guarantor and the original creditor agree to prohibit the assignment of the claim, and the original creditor assigns the claim without the written consent of the guarantor, the guarantor no longer bears the guarantee liability for the assignee.

Under the Civil Code, the guarantor has the rights of defense available to the debtor. Rights of defense in respect of the obligation that are waived by the debtor remain available to the guarantor.

3. Transfer by a Financial Institution of Mortgage Rights Ancillary to the Creditor's Right in a Loan

When VWFC assigns the securitized creditor's rights in the automobile loans pursuant to the Trust Agreement, it will simultaneously assign the automobile mortgage rights relating to the same, but the VWFC will not carry out the change of registration for mortgage right from VWFC to the Issuer. Pursuant to Article 403 of the Civil Code, for a mortgaged movable property, the mortgage rights are created on the date on which the mortgage contract enters into effect; without registration, the mortgage rights may not be used as a defense against a bona fide third party. According to Article 407 of the Civil Code, mortgage may not be assigned independently from the creditor's rights or used to secure other creditor's rights. Unless it is otherwise prescribed by any law or is otherwise stipulated by the parties, when the creditor's rights are assigned, the mortgage thereof shall be assigned concurrently. Moreover, according to Article 547 of the Civil Code, where a creditor assigns his claim, the assignee shall acquire the accessory right related to the claim, unless the accessory right belongs exclusively to the creditor. Failure to register the assignment of the accessory right or failure to transfer the possession thereof shall not affect the acquisition of the accessory right by the assignee. The Civil Code went into effect on January 1, 2021. As the transfer of the automobile mortgage rights relating to this project will occur after the entry into effect of the Civil Code, the relevant provisions of the Civil Code will apply. The mortgage rights will be assigned to the trustee together with the principal claim, so even if the change in mortgage rights is registered, the trustee will hold the mortgage rights relating to the mortgaged vehicles but will not be able to defend against bona fide third parties.

The Notes provide safeguards against mortgage right transfer risk mainly through the following measures: According to the Trust Agreement, if such disputes occur which will materially and adversely affect the interests of the Issuer, the Trust or the Noteholders, VWFC shall compensate for or rectify such disputes, otherwise VWFC shall repurchase relevant Purchased Receivables.

Enterprise Bankruptcy

At present, the main PRC laws and regulations governing the bankruptcy of enterprises with legal personality include (1) the Enterprise Bankruptcy Law; (2) the *Regulations of the Supreme People's Court on Several Issues Concerning the Trial of Enterprise Bankruptcy Cases* (Fashi [2002] No.23); (3) *Provisions of the Supreme People's Court on Certain Issues Concerning the Application of the Enterprise Bankruptcy Law of the People's*

Republic of China (I) (Fashi [2011] No.22); (4) Provisions of the Supreme People's Court on Certain Issues Concerning the Application of the Enterprise Bankruptcy Law of the People's Republic of China (II) (Fashi [2013] No.22) (as amended in 2020) and; (5) Provisions of the Supreme People's Court on Certain Issues Concerning the Application of the Enterprise Bankruptcy Law of the People's Republic of China (III) (Fashi [2019] No.3) (as amended in 2020). Moreover, if a financial institution goes into bankruptcy, the State Council may formulate implementing measures pursuant to the Enterprise Bankruptcy Law and other relevant laws.

If an enterprise with legal personality becomes insolvent and its assets are insufficient to discharge all of its debts or it clearly lacks the capacity to discharge such debts, its debts will be liquidated pursuant to the Enterprise Bankruptcy Law. If an enterprise with legal personality is characterized by the following circumstances, it may undergo restructuring in accordance with the Enterprise Bankruptcy Law: (a) it is insolvent and its assets are insufficient to discharge all of its debts; or (b) it clearly lacks the capacity to discharge its debts. The debtor and its creditors may file a bankruptcy petition with a People's Court. If the enterprise with legal personality has been dissolved but not yet liquidated, or the liquidation is not yet completed, and its assets are insufficient to discharge its debts, the persons who, in accordance with the law, are responsible for the liquidation shall petition the People's Court for bankruptcy liquidation. If the People's Court rules to accept the bankruptcy petition, it will also appoint a manager. The manager will perform such statutory duties as taking custody of, managing and disposing of the debtor's property, etc. as well as any other duties which the People's Court decides that the manager should perform.

Once the People's Court accepts the bankruptcy petition, the discharge of debts to individual creditors by the debtor shall be invalid. After the People's Court accepts the bankruptcy petition, the manager shall have the right to decide to terminate or to continue the performance of contracts between the debtor and the counterparties thereto which were formed prior to the acceptance of the bankruptcy petition but whose performance has yet to be completed, and shall notify the counterparties. If the manager fails to notify the counterparties within two months from the date of acceptance of the bankruptcy petition or fails to reply within 30 days from receipt of a reminder from counterparty, the manager shall be deemed to have terminated the contracts. If the manager decides to continue the performance of a contract, the counterparty shall perform such contract. However, the counterparty shall have the right to demand that the manager provide security. If the manager fails to provide security, the manager will be deemed to have terminated the contract. Once the People's Court accepts the bankruptcy petition: (a) civil actions against the debtor may only be instituted in the People's Court that accepted the bankruptcy petition; (b) civil actions or arbitration procedures involving the debtor which have been instituted but not yet completed will be stayed, and will be resumed after the manager takes custody of the debtor's property; and (c) the preservation measures taken against the property of the debtor will be lifted and enforcement procedures will be stayed.

All of the property belonging to the debtor at the time of the acceptance of the bankruptcy petition and the property obtained by it during the period between the acceptance of the bankruptcy petition and the conclusion of the bankruptcy procedures is property of the debtor. After the debtor has been declared bankrupt, it is being known as a bankrupt and its property is being known as property in bankruptcy. The manager has the right to petition the People's Court to revoke any of the following actions involving the property of the debtor taken during the year prior to the People's Court's acceptance of the bankruptcy petition and to recover the property of the debtor relating to such actions: (1) transfers of property without consideration; (2) transactions carried out at markedly unreasonable prices; (3) the provision of security in the form of property for debts that are not secured by property; (4) early discharges of debts which have not fallen due; and (5) renouncements of claims. If the debtor is insolvent and its assets are insufficient to discharge all of its debts or it clearly lacks the capacity to discharge such debts, and was still discharging debts to individual creditors within the six months prior to the People's Court's acceptance of the bankruptcy petition, the manager has the right to petition the People's Court to revoke the same and to recover the property of the debtor used to discharge such debts, unless such individual discharges of debt were or are beneficial to the property of the debtor. The following acts involving property of the debtor are invalid, and the manager has the right to recover the relevant property: (1) the concealment or transfer of property to shirk debts; (2) the fabrication of debts or the acknowledgement of debts which are not genuine.

After the debtor has been declared bankrupt by the People's Court, the manager will timely draft a plan for selling the property in bankruptcy and submit the same to the creditors meeting for discussion. The manager will timely

sell the property in bankruptcy in accordance with the plan for selling the property in bankruptcy adopted by the creditors meeting or ruled on according to law by the People's Court. The sale of the property in bankruptcy will be accomplished by way of an auction, unless otherwise resolved by the creditors meeting. A bankrupt enterprise may be wholly or partially sold off. When an enterprise is to be sold off, its intangible assets and other property may be sold separately. Property which, in accordance with state regulations, cannot be auctioned or the transfer of which is restricted, must be disposed of by the method specified by the state.

After the debtor has been declared bankrupt by the People's Court, the manager will timely draft a plan for the distribution of the property in bankruptcy and submit the same to the creditors meeting for discussion. The distribution of the property in bankruptcy shall be effected in cash, unless otherwise resolved by the creditors meeting. Once the plan for the distribution of the property in bankruptcy is adopted by the creditors meeting, the manager will submit the same to the People's Court for a ruling approving it. Once the People's Court has ruled to approve the plan for the distribution of the property in bankruptcy, it will be implemented by the manager. The property in bankruptcy will be applied to the discharge of claims in the following sequence after the discharge, on a priority basis, of the bankruptcy expenses and common interest debts: (1) the wages, medical and disability subsidies and support owed to employees and their families by the bankrupt, basic old age insurance and basic medical insurance premiums payable into the individual accounts of the staff and workers and owed by the bankrupt and the compensation payable to the staff and workers in accordance with laws and administrative regulations; (2) the social insurance premiums other than those mentioned in the preceding item owed by the bankrupt and taxes owed by the bankrupt; and (3) common claims in bankruptcy. If the property in bankruptcy is insufficient to satisfy the discharge requirements of a certain tier, the distribution to such tier will be effected on a pro rata basis. The wages of the directors, supervisors and senior management personnel of a bankrupt enterprise shall be calculated at the average wage of the enterprise's employees.

After the implementation of the Bankruptcy Law, if, after the discharge of claims in the above sequence as specified in the Bankruptcy Law, a portion of the wages, medical and disability subsidies and support owed to employees and their families by the bankrupt, basic old age insurance and basic medical insurance premiums payable into the individual accounts of the staff and workers and owed by the bankrupt and the compensation payable to the staff and workers in accordance with laws and administrative regulations prior to the date of promulgation of the Bankruptcy Law (August 27, 2006) remains undischarged, payment of such portion shall be made from the specific property with ancillary security rights specified in the Bankruptcy Law on a priority basis ahead of the rights holders that enjoy security rights over such specific property.

With respect to financial institutions, if a commercial bank, securities company, insurance company, etc., is characterized by the circumstances specified in the Bankruptcy Law, the relevant financial regulatory authority of the State Council may petition a People's Court for restructuring or bankruptcy liquidation of the financial institution. If the relevant financial regulatory authority of the State Council lawfully takes such measures as taking over management of or taking custody of a financial institution whose operations are facing a material risk, it may petition the People's Court to stay any civil action or enforcement procedure in which the financial institution is the defendant or is the judgment debtor. Moreover, if a financial institution goes into bankruptcy, the State Council may formulate implementing measures for the bankruptcy in accordance with the Enterprise Bankruptcy Law and other relevant laws. Up to the present, the State Council has not issued any such implementing measures.

Counterparty Risk

This is a multi-party transaction. Although the Transaction Documents have set out detailed provisions with respect to the rights and obligations of the relevant transaction parties, the Issuer cannot eliminate the risk arising out of any breach of or material adverse change to the other parties.

The Notes provide safeguards against counterparty risk mainly through the following measures: the Transaction Documents have well established the rights and obligations of all parties and specified the responsibility of each party under this transaction; the Transaction Documents have specified the triggering conditions for the Servicer Replacement Event, Trust Company Replacement Event and termination and replacement event of the Account

Bank and subsequent operation process to be followed upon the occurrence of such events; the material event which might affect investor's interest will be published irregularly to remind investors of risks in time.

U.S. Risk Retention

The U.S. Risk Retention Rules came into effect on 24 December 2016 and generally require the "securitizer" of a "securitization transaction" to retain at least 5 per cent. of the "credit risk" of "securitized assets", as such terms are defined for purposes of that statute, and generally prohibit a securitizer from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitizer is required to retain. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Transaction will not involve risk retention by the Seller for the purposes of the U.S. Risk Retention Rules, but rather will be made in reliance on an exemption provided for in section 1.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitization transaction are sold or transferred to U.S. Persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. Persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as "Risk Retention U.S. Persons"); (3) neither the sponsor nor the issuer of the securitisation transaction is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States. The Transaction provides that the Notes may not be purchased by Risk Retention U.S. Persons except in accordance with the exemption under section 1.20 of the US Risk Retention Rules and with the prior consent of the Seller. Prospective investors should note that the definition of U.S. Person in the U.S. Risk Retention Rules is substantially similar to, but not identical to, the definition of U.S. Person under Regulation S.

There can be no assurance that the exemption provided for in section 1.20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure of the Transaction to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action which may adversely affect the Notes. Furthermore, the impact of the U.S. Risk Retention Rules on the securitisation market generally is uncertain, and a failure by a transaction to comply with the risk retention requirements of the U.S. Risk Retention Rules could negatively affect the market value and secondary market liquidity of the Notes.

Clients are allowed to apply for extension of the term of a Classic Credit of used cars, provided that the total term of the loan term and the extension period may not exceed 3 years.

b) Structured Payment Product

New car: The customer repays the loan in equal monthly payments for each period however the monthly payments can be different from period to period. Total loan tenor should contain no more than 6 periods. The maximum term of the loan shall not exceed 60 months. The down payment of the traditional power automobile loans and the new energy automobile loans can be as low as zero with condition.

Structured Payment is a fixed interest product. Full early termination is allowed. The repayment schedule should be decided and fixed in the loan contract, and cannot be changed once loan contract is signed off. Any application submitted by the customer will be approved at VWFC's sole discretion, subject to liquidated damages.

Used car: Structured Payment of used cars is applied only to the downward payment, which means the monthly payment shall decrease.

c) Balloon Credit Product

New car: The customer can maximize the flexibilities on monthly payment by providing down payment and final balloon payment. The term of loan of new cars is usually between 12 to 60 months. Generally, the down payment of the traditional power automobile loans and the new energy automobile loans can be as low as zero with condition. The products can be broadly categorized as follows:

3030 Balloon Credit Product: Usually a 36-month product with a 30% down payment and a 30% balance payment.

5050 Balloon Credit Product: Usually a 12-month or 24-month product with a 50% down payment and a 50% balance payment.

Standard Balloon Credit Product: Usually a product ranging from 12 to 60 months with zero down payment and a balance payment of no more than 25%.

Balloon Payment Products: Terms typically range from 12 to 60 months, with a minimum down payment of zero (subject to conditions), and a balloon payment ratio generally between 1% and 5%.

The setting of the down payment ratio and balance payment ratio shall be subject to the product policy. The final balloon payment can be settled through one-off payment, extension of tenor or trade-in of used car for a new one (not applicable to new energy automobiles).

Used car: The term of loan of used cars is usually between 12 to 36 months, with the minimum down payment as 30% of the appraised price of the cars and the maximum balloon payment as 50% of the loan.

No right of extension for a 5-year loan for a new car and a 3-year loan for a used car. The Balloon Credit is a fixed interest product. The borrower may apply for early amortisation, which shall be subject to the approval of VWFC, and liquidated damages will be payable for prepayment.

d) Personalized Loan Product Enjoy Loan Product

A classic credit product designed for individual customers, which is one of the innovative financing solutions offered by VWFC, provides customers with low down payment and low monthly payment pressures.

II. VWFC Leasing Product

The proportion of down payment for leased products is low, with lease terms ranging from 6 to 60 months. Upon expiry of the lease term, the customer may choose to return the vehicle, purchase the vehicle or replace it with a new vehicle. In addition, due to the nature of leasing, the amount of monthly supply is low. For corporate customers, leasing may be entitled to the preferential tax credit policy.

The pooled assets do not include leased products and personalized loan products in the loan products.

Business proceedings of VWFC

Under the Servicing Agreement, the Receivables are to be originated and administered together with all other Receivables of VWFC according to its normal business procedures as they exist from time to time.

The normal business procedure of VWFC currently includes the following:

Loan origination

VWFC has a standardised loan origination process, which involves flow of documentation and flow of funds between customer, car dealer and VWFC. Detailed procedures are listed in the following table.

Steps	Details
1	Customer signs an automobile sales contract with the car dealer
2	Customer signs a credit application and submits supporting documents to the car dealer (e.g. copy of ID card for individual applicant; copy of business license for non-individual applicant)
3	Car dealer sends the credit application and customer profile to VWFC via on-line IT tool
4	VWFC notifies the car dealer of the results of credit approval via the IT tool.
5	If the loan is approved by VWFC, approval letter and loan contract will be generated in the IT tool
6	Car dealer collects down payment from the customer and provides the loan contract via the IT tool and witness the execution of the loan contract
7	Customer signs the loan contract and passes the contract to the car dealer
8	Car dealer sends the loan contract, payment documents (photocopy of automobile sales contract, uniform invoice of automobile sales, etc.) to VWFC via IT tool
9	VWFC pays to the car dealer the financing amount less down payment (as the down payment is already sent by the customer to the car dealer in step 6)

10	Car dealer completes mortgage registration as required by VWFC and sends the original copy of loan contract and the original automobile registration certificate or a copy thereof to VWFC by post
11	Customer pays monthly instalments to VWFC
12	When the loan is completely paid down at the end, VWFC will courier the automobile registration certificate to the customers and assist the customers to go through the formalities for the cancellation of the mortgage registration

Approval

The Credit Team is responsible for making credit decisions. The credit decision process involves a number of steps. Detailed procedures are listed in the following table.

Steps	Details
1	The dealer enter and transmit the customers' credit application and credit application materials to VWFC through online system.
2	Customers' credit analysis will be carried out by the credit system. A credit score will be awarded to the application, which is based on customer's credit reference information retrieved from bureaus like PBOC credit system, customer application information, income and other qualification information, and relevant factors such as information on the automobiles/loans purchased by customers.
3	After obtaining the Customers' credit score in steps 2, a decision will be made on whether the applications are automatically approved, automatically rejected or manually reviewed. The detailed steps for manual review is as follows:
4	For loan applications requiring manual review, a loan examiner with the corresponding review authority shall conduct an assessment, which shall include the documents submitted by the applicants and the results of the credit inquiries, and shall, in accordance with the review policies and in light of the qualifications of the clients, arrange a telephone interview, and if necessary, arrange an on-site interview.
5	The loan examiner may, in accordance with the situation of the loan application, require the loan applicant to provide valid income certificate, including the information of the employer, certificate of income of the employer, tax payment certificate, running records of the bank statement, certificate of business income, conditions of house property, credit record of PBOC, public accumulation fund loan, etc., so as to judge whether the borrower's income is stable and whether he or she has the ability to repay the loan.
6	Based on the evaluation results, loan examiner with appropriate approval authority may require to adjust down payment percentage, loan tenor or other loan conditions.

As for an application that is automatically rejected by the system, if a customer can provide additional information to prove that it has full repayment capability and the customer has no record of fraud or default, or after the customer amends its loan conditions, such application may be resubmitted by the dealer or through the district manager for approval. The retail loan review team leader whose approval authority level is above 4 levels may accept or reject the application for reconsideration within his own scope of authority.

Form of Security

All of the assets in the pool are all mortgage loans. Meanwhile, some loans in the pool are guaranteed by a third party or have co-borrowers.

Administration of the Purchased Receivables under the Servicing Agreement

VWFC agrees to act as Servicer under the Servicing Agreement. In this capacity and subject to revocation by the Issuer after a Servicer Replacement Event having occurred, it has retained the right and is authorized and required to collect the Purchased Receivables in accordance with the relevant methods and standards of the loan servicing manual formulated by the Servicer and the Servicer's customary practices in effect from time to time, using the same degree of skill and attention that the Servicer exercises with respect to comparable vehicle Receivables that the Servicer collects for itself or others (where applicable). The Servicer may grant extensions,

deferrals, amendments, modifications or adjustments on a Purchased Receivable in accordance with its customary practices in effect from time to time.

In the event of an Early Settlement under Clause 4 (*Early Settlement/Clean-up Call*) of the Trust Agreement, the Servicer shall immediately collect the Settlement Amount from the Originator and transfer such Settlement Amount or Clean-Up Call Settlement Amount (as the case may be) in accordance with the provisions in relation to the distribution under the Servicing Agreement.

Commingling

The Servicer is entitled to commingle the Collections from the Purchased Receivables with its own funds during each Monthly Period if its credit rating satisfies the Servicer Required Rating or above, provided that it shall, on the sixth (6th) Business Day prior to each Payment Date, make a deposit of such monthly Collections into the Distribution Account, but if its credit rating fails to satisfy the Servicer Required Rating, the following payment mechanism shall apply:

Since the Monthly Collateral Start Date, the Servicer shall:

- (i) advance an amount into the Distribution Account, equal to the Monthly Collateral for the Monthly Period in which the Monthly Collateral Start Date falls plus, if the Monthly Collateral Start Date falls on a date prior to the sixth (6th) Business Day prior to the Payment Date falling in such Monthly Period, an amount equal to the Monthly Collateral in respect of the preceding Monthly Period;
- (ii) for any subsequent Monthly Period in which the Servicer continues to fail to satisfy the Servicer Required Rating (save in respect of any Monthly Collateral posted under paragraph (i) above): on the first (1st) calendar day of such Monthly Period, determine the amount representing the Monthly Collateral in respect of the Monthly Period, and transfer the Monthly Collateral to the Distribution Account to be retained until the sixth (6th) Business Day prior to the Payment Date relating to such Monthly Period;

In the event that the above-mentioned calendar day on which the Monthly Collateral shall be made is not a Business Day, the Servicer shall transfer the Monthly Collateral on the next following Business Day unless that day falls in the next calendar month, in which case the date will be the first preceding day that is a Business Day.

- (iii) on the sixth (6th) Business Day prior to any Payment Date, Servicer's obligation to pay Collections for the relevant Monthly Period into the Distribution Account may be netted against its claim for repayment of the Monthly Collateral for such Monthly Period and such Monthly Collateral (after netting) will form part of the Available Distribution Amount on such Payment Date. If for such Monthly Period, the Monthly Servicing Report shows (1) that the Monthly Collateral which has been transferred to the Distribution Account by the Servicer for the relevant Monthly Period exceeds the Collections received by the Servicer for such Monthly Period, such excess amount shall be released to the Servicer outside the Order of Priority on the sixth (6th) Business Day prior to the relevant Payment Date, or (2) that the Collections received by the Servicer for such Monthly Period exceed the Monthly Collateral which has been transferred to the Distribution Account by the Servicer for the relevant Monthly Period, an amount equal to such excess shall be paid into the Distribution Account by the Servicer on the sixth (6th) Business Day prior to the relevant Payment Date;
- (iv) if the Servicer Required Rating is satisfied again, any Monthly Collateral standing to the credit of the Distribution Account shall be released to the Servicer outside the Order of Priority on the sixth (6th) Business Day prior to the next Payment Date following such satisfaction; and
- (v) promptly nominate a back-up Servicer which shall be acceptable to the Issuer, by notifying the Issuer in writing.

Provided it complies with its posting obligations in above paragraph (i) and paragraph (ii) and its obligation to transfer Collections to the Distribution Account in accordance with the Servicing Agreement, the Servicer shall be entitled to hold, use and invest the Collections at its own risk without having to segregate such funds from its

own or other funds, and the Servicer will be required to make a deposit of the monthly Collections collected by it to the Distribution Account on the sixth (6th) Business Day prior to each Payment Date. Otherwise, Collections collected by the Servicer will be required to be remitted by it to the Distribution Account on the third (3rd) Business Day after receipt of such Collections.

The Servicer will inform the Rating Agencies without undue delay in case its credit and collection policy is changed in a way which could have a material adverse effect on the payment of the Notes.

The Servicer shall provide the Rating Agencies with the reports and information which the agencies reasonably request for the purpose of maintaining their rating of the Notes.

The Servicer is entitled to submit any reports, information and certificates pursuant to the relevant provisions under the Servicing Agreement in electronic or hard copy form, as it may elect.

Distribution Procedure

The Servicer will transfer on the sixth (6th) Business Day prior to each Payment Date to the Distribution Account the Collections of each month.

Administration of Insurance Benefits and Realisation of Security

The Servicer is authorised (until it is revoked by the Issuer) and required to assert, in accordance with its customary practices in effect from time to time in relation to the respective insurance companies, claims to

payments of the insurance proceeds entrusted or assigned to the Issuer under the Trust Agreement. The Servicer is not required to monitor the status of any Borrower's compliance or non-compliance of the insurance requirements, and the Servicer shall not be liable for any failure by any Borrower to comply with such requirements.

Upon the termination of a Loan Contract in relation to a Defaulted Receivable, the Servicer is authorised (until it is revoked by the Issuer) and required to exercise the creditor's rights on behalf of the Issuer and to exercise the mortgage right to sell or otherwise dispose of such Financed Objects in accordance with the Servicer's customary practices in effect from time to time. The proceeds from the sale or disposal which the Issuer is entitled to according to the Trust Agreement shall be paid to the Issuer or otherwise credited to the Distribution Account in accordance with the Trust Agreement.

Dismissal and Replacement of the Servicer

Upon the occurrence of a Servicer Replacement Event, the Issuer shall be entitled to dismiss the Servicer by written notification and to appoint a replacement Servicer. The dismissal and the appointment of a replacement Servicer shall only become effective after the replacement Servicer has (a) assumed all the rights and obligations of the Servicer under the Servicing Agreement and (b) agreed to indemnify and hold harmless the Issuer from all procedures, claims, obligations and liabilities as well as all related costs, fees, damages claims and expenditures (inclusive of fees and expenditures associated with legal advice, chartered accountants and other experts or persons commissioned or initiated from the dismissed Servicer) which it may incur, arising out of, in connection with or based upon any negligence, breach of contractual duties or any other omission or action of the dismissed Servicer. Upon such a dismissal:

- the dismissed Servicer's authorisation and power to collect the Purchased Receivables as Servicer shall cease;
- the dismissed Servicer shall transfer all the then existing vested rights and assets held by it to the replacement Servicer within thirty (30) calendar days;
- the dismissed Servicer shall place all information, files and documents, which are necessary for the proper performance of the Servicer's obligations, at the replacement Servicer's disposal; and
- the Servicer shall be precluded from asserting retention rights and from setting-off.

Within five (5) Business Days of the occurrence of a Servicer Replacement Event, the Servicer (or, under the circumstances where the Servicer has not performed its notification obligations, the replacement Servicer (if any)) or the Trust Company, as the case may be, shall issue a Rights Perfection Notice, by mail, in substantially the relevant form as set out in Schedule 2 to the Trust Agreement to:

- (i) notify the Borrowers of the fact that a trust has been established over the relevant Purchased Receivables and the Loan Collateral;
- (ii) notify each of the Insurers (and insured persons) (if any) of each of the Loan Contracts and Financed Objects of the fact that a trust has been established over the relevant Purchased Receivables and Loan Collateral, the assignment of the relevant insurance claims under the Servicing Agreement, and of the rights of the replacement Servicer; and
- (iii) notify the Security Providers of the fact that a trust has been established over the relevant Purchased Receivables and the Loan Collateral.

Account Bank

Postal Savings Bank of China traces its origins back to the postal savings services established in 1919, with a history spanning over a century. In March 2007, following reforms to the original postal savings management system, Postal Savings Bank of China Co., Ltd. (hereinafter referred to as "PSBC") was formally established. It was restructured into a joint-stock company in January 2012, introduced ten domestic and foreign strategic

investors in December 2015, listed on the Hong Kong Stock Exchange in September 2016, and completed its dual listing on the Shanghai Stock Exchange in December 2019, successfully achieving the three-phase reform objectives of "corporatization – strategic investment introduction – A+H dual listing."

Leveraging its nationwide offline network, with nearly 40,000 outlets, PSBC serves over 660 million individual customers as of the end of 2025. Positioned to support agriculture, rural areas, farmers, urban and rural residents, and small and medium-sized enterprises (SMEs), the Bank leverages its unique "self-operated + agency" model and resource strengths to focus on the most dynamic segments of China's economic transformation. PSBC is accelerating its evolution into a new retail banking model characterized by data-driven operations, channel integration, combined wholesale and retail services, and operational efficiency. As a leading Chinese retail bank with high-quality assets and strong growth potential, PSBC operated more than 39,200 business outlets nationwide. The Bank's managed assets under management (AUM) for retail customers reached RMB 18.30 trillion, representing a year-on-year increase of 9.64% from the end of the previous year; total assets exceeded RMB 18.68 trillion, up 9.35% year-on-year; and it achieved an operating revenue of RMB 355.728 billion and a net profit of RMB 87.623 billion for the full year, demonstrating steady growth in both business scale and profitability.

PSBC obtained securities investment fund custody qualifications on 23 July 2009 (approved by the former China Securities Regulatory Commission and China Banking Regulatory Commission), becoming China's 16th licensed custodian bank. On 19 July 2012, it secured insurance funds custody qualifications from the former China Insurance Regulatory Commission. Today, the Bank offers a comprehensive custody platform covering multiple asset classes: securities investment funds, fund company specific asset management plans, trust plans, bank wealth management products (domestic/foreign currency), private equity funds, securities company asset management plans, insurance funds, and insurance asset management plans. Leveraging its advantages in retail customer base and nationwide outlets, its custody scale has maintained continuous and steady growth. As of the end of 2025, its total custody assets exceeded RMB 6 trillion

The Custody Business Department of Postal Savings Bank of China Beijing Branch was officially established at the end of 2013. Over the past decade since its establishment, serving as a Tier-1 operation center for the Bank's custody business, it has undertaken the custody operations for nine provincial branches in the northern region (the three northeastern provinces, Tianjin, Hebei, Shanxi, Inner Mongolia, Xinjiang, and Dalian). The peak custody operation scale of the Beijing Branch reached RMB 1.7 trillion, accounting for over a quarter of the Bank's total. It features a comprehensive range of operation products, as well as highly professional and experienced operational staff. Since 2023, guided by the Head Office's centralized operation reform, the Custody Business Department of the Beijing Branch has comprehensively transformed and upgraded into a marketing center. On the basis of continuously consolidating its custody operation service capabilities, it has persistently enhanced its customer service, channel synergy, and product innovation capabilities. As of the end of 2025, the custody assets of the PSBC Beijing Branch exceeded RMB 1 trillion, with both its scale and intermediary business income ranking first within the PSBC system. The outstanding custody scale of ABS custody-related business of the PSBC Beijing Branch stood at RMB 89.5 billion.

2.4. ALLOCATION MECHANISM OF CASH-FLOWS

Prior to the occurrence of a Foreclosure Event²

Prior to the occurrence of a Foreclosure Event, any balance will, on each Payment Date, be distributed (other than repayments due to the Originator in accordance with Clause 9.2 of the Trust Agreement) according to the following Order of Priority:

first, amounts payable by the Issuer in respect of taxes (if any) in relation to the Trust;

second, the Servicer Fee payable to the Servicer;

third, on a *pari passu* basis, (1) the Trust Company Fee and Expenses payable to the Trust Company, (2) the Expenses payable to the Servicer (or replacement Servicer), including those Expenses in relation to the performance of the notification obligations referred to in Clause 6.4 (*Rights Perfection Notice*) of the Trust Agreement, (3) the Custodian fee and Expenses payable to the Account Bank, (4) the Paying Agent Fee and Expenses payable to the Paying Agent, (5) the Rating Agencies Fee and Expenses payable to the Rating Agencies, and (6) the Auditor Fee payable to the Auditor;

fourth, amounts payable in respect of (1) interest accrued during the immediately preceding Interest Period plus (2) Interest Shortfalls (if any) on the Class A Notes;

fifth, to the Cash Collateral Account to the extent needed to replenish and maintain the credit balance of the Cash Collateral Account at a level equal to the Specified Cash Collateral Account Balance;

sixth, to Class A Noteholders, an aggregate amount equal to the Class A Principal Payment Amount for such Payment Date which is equal to the amount necessary to reduce the outstanding principal amount of the Class A Notes to the Class A Targeted Note Balance;

seventh, amounts payable in respect of accrued and unpaid interest on the Subordinated Notes (including, without limitation, overdue interest);

eighth, (i) prior to the satisfaction of Clean-Up Call Conditions or in the case that the Clean-Up Call Conditions are satisfied but the Originator does not exercise a Clean-Up Call, to the Subordinated Noteholders for repayment of outstanding principal amounts of Subordinated Notes on condition that the outstanding principal amounts of Subordinated Notes after repayment is no less than 5% of the then outstanding principal amount of the Notes; or (ii) after the satisfaction of Clean-Up Call Conditions and the Originator choose to exercise a Clean-Up Call, to the Subordinated Noteholders, for repayment of outstanding principal amounts of Subordinated Notes until it has been reduced to zero; and

ninth, to pay all remaining excess to the Originator by way of final success fee.

² This is similar to the event of default in the general asset securitization transaction.

After the occurrence of a Foreclosure Event

Following the occurrence of a Foreclosure Event, distributions (other than repayments due to the Originator in accordance with Clause 9.2) will be made from the Available Distribution Amount and the amount which credited in the General Cash Collateral Amount according to the following Order of Priority:

first, amounts payable by the Issuer in respect of taxes (if any) in relation to the Trust;

second, the Servicer Fee payable to the Servicer;

third, on a *pari passu* basis, (1) the Trust Company Fee and Expenses payable to the Trust Company, (2) the Expenses payable to the Servicer (or replacement Servicer), including those Expenses in relation to the performance of the notification obligations referred to in Clause 6.4 (*Rights Perfection Notice*) of the Trust Agreement, (3) the Custodian fee and Expenses payable to the Account Bank, (4) the Paying Agent Fee and Expenses payable to the Paying Agent, (5) the Rating Agencies Fee and Expenses payable to the Rating Agencies, and (6) the Auditor Fee payable to the Auditor;

fourth, amounts payable in respect of (1) interest accrued during the immediately preceding Interest Period plus (2) Interest Shortfalls (if any) on the Class A Notes;

2.5. CREDIT ENHANCEMENT

The transaction structure of Driver China eighteen follows Volkswagen Financial Services' global Driver platform. Driver China eighteen has adopted the following mechanisms in order to provide mitigation against the potential risks in connection with the transaction:

- The Asset Backed Notes will be divided into Class A Notes and Subordinated Notes. The principal and interests will be allocated pursuant to the order specified in the Trust Agreement. In the event that cash-flow is not sufficient to cover the principal and interests due and payable, the Notes with priority will be supported and secured by the Notes with subordinated priority and then, obtain the credit enhancement.
- In addition to the self-retention by VWFC of the Subordinated Notes, VWFC will provide extra 5.00% overcollateralisation to the investors, in order to mitigate potential default risk.
- Servicer's advance payment mechanism, which mitigates commingling risk. This mechanism is triggered based on the rating of the Servicer. Provided that the credit rating of the Servicer satisfies the Servicer Required Rating or above, it shall on the sixth (6th) Business Day prior to each Payment Date make a deposit of such monthly Collections into the Distribution Account, but if its credit rating fails to satisfy the Servicer Required Rating, the Servicer shall advance the Monthly Collateral into the Distribution Account. Servicer's obligation to pay Collections for the relevant Monthly Period into the Distribution Account may be netted against its claim for repayment of the Monthly Collateral for such Monthly Period. It will mitigate the commingling risk more effectively than the mechanism of simply increasing the frequency of the transfer of collections. If VWFC as Servicer is rated the Servicer Required Rating or above, Collections will be transferred to the Trust Company on a monthly basis. If the rating of VWFC as Servicer is below the Servicer Required Rating, VWFC shall make certain advance payment to the Trust Company every month, and the amounts will be determined based on the estimated Collections, otherwise, Collections collected by the Servicer will be required to be remitted by it to the Distribution Account on the third (3rd) Business Day after receipt of such Collections.
- Reserves, which is the cash reserves held by the special purpose trust. Sufficient funds will be deposited at initial stage of the transaction to provide credit enhancement and mitigate Servicer related risks. The General Cash Collateral Amount is RMB 48,000,000, and is expected to cover 3-month expenses and interest incurred or accrued under the Senior Notes. This will provide the protection against the risk of cash flow shortage.
- Setting up the reserves is in line with Driver's global standards, and is more prudent than other domestic securitization products whereby reserves would be paid only after the occurrence of the downgrading of the Servicer. This can provide credit enhancement and mitigate Servicer related risks in the transaction structure more effectively.
- In line with Driver's global standard, Driver China adopted the concept of discount so as to ensure that the cash flow of the asset pool would be sufficient to pay the preferential fees and the interest of each class of Notes. The issuance amount of the Notes equals to the discounted amount of the outstanding balance of the Receivables in the asset pool. The discount rate is determined by reference to the amount of the preferential fees and the interest accrued on each class of Notes. Consequently, the payment of such preferential fees and interest will be ensured regardless of the average interest rate of the loans in the asset pool.

2.6. ORGANIZATION FORM AND RIGHTS OF MEETING OF THE NOTEHOLDERS

Controlling Noteholders' Meeting

Matters set out in paragraph (a) of Condition 15.2 which will materially affect the interests of the Noteholders shall be decided at a Controlling Noteholders' Meeting convened and held in accordance with Condition 15.

“**Controlling Notes**” refers to (i) Class A Notes before the outstanding principal of Class A Notes have been repaid in full; and (ii) Subordinated Notes after the outstanding principal of all the Senior Notes have been repaid in full; and “**Controlling Noteholders**” shall be construed accordingly.

Any resolution passed by a Controlling Noteholders' Meeting convened and held in accordance with Condition 15 shall be binding upon all Noteholders of the relevant Class, provided that resolutions of the parties to the Transaction Documents making changes to the Transaction Documents or these Conditions which also involve changes to the Legal Maturity Date, interest rate(s) or payment currency for other Classes of Notes shall require a resolution passed by a meeting of the corresponding Class of Noteholders before such change should become effective. The requirements under Condition 15 are applicable to holding a meeting of other Classes of Noteholders for the above-mentioned purpose.

Convening Noteholders' Meetings

Upon the occurrence of one of the following events which, in the opinion of the Trust Company, negatively materially affects the interests of the Noteholders, the Trust Company shall convene a Controlling Noteholders' Meeting:

- (i) the parties to the Transaction Documents amend these Conditions, the Trust Agreement or any other Transaction Document, except for changes considered as minor technical changes or made in accordance with the mandatory requirements of applicable laws and regulations;
- (ii) the replacement of the Trust Company or Servicer;
- (iii) the occurrence of a Foreclosure Event.

The Trust Company shall convene a Controlling Noteholders' Meeting upon the written request by the Noteholders of more than 10% of the outstanding principal amount of the Controlling Notes in respect of one of the events set out in paragraph (a) of Condition 15.2.

If the Trust Company fails to convene a Controlling Noteholders' Meeting in accordance with paragraph (a) of Condition 15.2, holders of more than 10% of the outstanding principal amount of the Controlling Notes may convene a meeting on their own in accordance with paragraph (a) of Condition 15.2 and file a report with PBOC.

Voting Rights

A Controlling Noteholder attending a Controlling Noteholders' Meeting shall have one (1) vote for every RMB 100 par value of the Controlling Notes it holds.

Method of Meeting

The meeting may be held as a physical meeting or by means of telecommunication.

Unanimous Resolution and Special Resolution

Resolutions of a Controlling Noteholders' Meeting are divided into ordinary resolutions, special resolutions and unanimous resolutions:

- (i) Ordinary resolutions require more than 50% of the votes of the Controlling Noteholders attending the Controlling Noteholders' Meeting to pass. All matters may be resolved by passing an ordinary resolutions, except for the matters listed in paragraph (ii) and (iii) below which are resolved by passing a special resolution and unanimous resolutions respectively.
- (ii) Special resolutions require more than 75% of the votes of the Controlling Noteholders attending the Controlling Noteholders' Meeting to pass.
- (iii) Unanimous decisions or unanimous resolutions require 100% of the votes of the Controlling Noteholders attending the Controlling Noteholders' Meeting to pass.

The following matters are resolved by passing a special resolution of a Controlling Noteholders' Meeting:

- (i) approval for proposals involving amendments to the rights of the Noteholders regardless of whether such rights are based on these Conditions, the Transaction Documents or any other documents;
- (ii) approval for amendments, rectifications or supplements to any term of these Conditions or the Transaction Documents proposed by the Trust Company or other parties if the Trust Company reasonably considers that such amendment, rectification or supplement may substantially affect the rights of the Noteholders;
- (iii) approval for the replacement of the Servicer;
- (iv) authorisation of the Trust Company to sign and undertake all necessary documents, actions or matters as well as execute any special resolution passed at a Controlling Noteholders' Meeting;
- (v) discharge or waiver of any liability or obligation of the Trust Company in accordance with any Transaction Document;
- (vi) appointment of a representative to represent the interests of the Controlling Noteholders (regardless whether such representative is a Controlling Noteholder) or authorisation of the representative to exercise the Controlling Noteholders' power or discretion to pass a special resolution;
- (vii) approval of exemption of audit requirement in relation to the liquidation under Clause 5.3 (Liquidation Report) of the Trust Agreement.

The following matters are resolved by passing a unanimous resolution of a Controlling Noteholders' Meeting:

- (i) the decision on whether to liquidate the Trust;
- (ii) the decision on whether to declare the occurrence of a Foreclosure Event and to issue an Enforcement Notice;
- (iii) the decision on whether to dismiss the Trust Company.

Within ten (10) days of the close of a Controlling Noteholders' Meeting, the convener shall file a report with PBOC, notify the Rating Agencies and publicise such meeting through the ChinaMoney, CCDC and CFAE websites at www.chinamoney.com.cn, www.chinabond.com.cn and www.cfae.cn.

Written resolutions

A written resolution signed by all the Controlling Noteholders or their representatives shall have the same effect as a special resolution or a unanimous decision passed at a Controlling Noteholders' Meeting duly held and duly convened in accordance with Condition 15. A written resolution signed by Noteholders holding more than 50% of the outstanding principal amount of the Controlling Notes or their representatives shall have the same effect as an ordinary resolution passed at a Controlling Noteholders' Meeting duly convened and duly held in accordance with Condition 15. Such written resolutions may be signed in any number of counterparts by the Controlling Noteholders or their representatives.

Unanimous Decision

Notwithstanding any other provisions of the Conditions, the decision on whether of the Noteholders to liquidate the Trust as referred to in Clause 5.2(d) of the Trust Agreement shall be a unanimous decision of 100% of all Noteholders (whose Notes have not been fully redeemed).

Notice

At least thirty (30) days before a Controlling Noteholders' Meeting is to be held, the Trust Company shall make an announcement of the time and venue of the meeting, and the manner in which the meeting shall be conducted, the agenda, voting and other procedures through the ChinaMoney, CCDC and CFAE websites at www.chinamoney.com.cn, www.chinabond.com.cn and www.cfae.cn and notify the Rating Agencies of the same.

Quorum

Attendance of Noteholders holding more than 50% of the outstanding principal amount of the Controlling Notes is required in order to convene a Controlling Noteholders' Meeting for the purpose of considering and passing an ordinary resolution. Attendance of Noteholders holding more than 10% of the outstanding principal amount of the Controlling Notes is required in order to convene an adjourned meeting of the above-mentioned meeting.

Attendance of Noteholders holding more than 75% of the outstanding principal amount of the Controlling Notes is required in order to convene a Controlling Noteholders' Meeting for the purpose of considering and passing a special resolution in relation to the following:

- (i) amending the Legal Maturity Date of the Notes;
- (ii) reducing or cancelling the principal or interest amount or interest rate of the Notes;
- (iii) changing the currency payment of the Notes;
- (iv) amending the number of votes required to pass a type of special resolution.

Attendance of Controlling Noteholders holding more than 25% of the outstanding principal amount of the Controlling Notes is required in order to convene an adjourned meeting of the above-mentioned meeting.

Attendance of the Controlling Noteholders holding 100% of the outstanding principal amount of the Controlling Notes is required in order to convene a Controlling Noteholders' Meeting for the purpose of considering and making a unanimous decision in relation to the following:

- (i) the decision on whether to declare the occurrence of a Foreclosure Event and to issue an Enforcement Notice;
- (ii) the decision on whether to dismiss the Trust Company.

If the required quorum is not reached within half an hour of the start of the meeting and such meeting was convened in accordance with the request of the Controlling Noteholders, then such meeting shall be immediately adjourned. If such meeting was convened by other means, the meeting shall be adjourned for not less than fourteen 14 days but not more than forty-two 42 days.

2.7. CASH RUN OUT SCHEDULE

This amortisation scenario is based on the assumptions (i) that no losses, prepayments or delinquencies occur and (ii) that the final poolcut produces similar cash flows as the preliminary poolcut. It should be noted that the actual amortisation of the Purchased Receivables may differ substantially from the amortisation scenario indicated below.

The following Cash Run Out Schedule is the base case cashflow for the Purchased Receivables.

THE VENUE FOR BOOKBUILDING AND SPECIFIED ADDRESS

The Senior Asset Backed Notes will be issued in a bookbuilding process;

The Interest Rate of Senior Asset Backed Notes will be determined by bookbuilding methods;

CMS has been delegated to be in charge of bookbuilding (acting as the bookbuilding manager) and the bookbuilding will take place at the dedicated bookbuilding room of CMS. The dedicated bookbuilding room is located at 17th Floor, China Merchants Bank Building, Building 3, No. 1, Yuetan South Street, Xicheng District, Beijing, PRC.

A China Wall will be established between the department for issuance and department for investment and trading, so that there will be effective segregation in terms of business procedure and business staff. The dedicated bookbuilding room of CMS could meet the requirements for bookbuilding and is physically segregated from other departments and could meet the confidentiality requirements.

Class A Asset Backed Notes / Class A Notes The Class A Notes issued by the Issuer on the Issue Date with a total nominal amount of RMB 3,265,000,000.00, consisting 32,650,000 individual Class A Notes, each in the nominal amount of RMB 100 and ranking senior to the Subordinated Notes with respect to the payment of interest and principal.

Subordinated Notes The Subordinated Notes issued by the Issuer on the Issue Date with a total nominal amount of RMB 535,000,000.00, and ranking junior to the Senior Class Notes with respect to the payment of interest and principal.

Issue Date 17 September 2026

Percentage The ratio of Class A Asset Backed Notes is 81.62% and the ratio of Subordinated Notes is 13.38%.

The Interest Rate of Class A Asset Backed Notes is determined by way of book building issuance through the book building issuance system, being 1.60%; the Interest Rate of the Subordination Notes is fixed interest rate, which shall be determined prior to the Issue Date.

Interest and principal Each Class A Note entitles the Class A Noteholder thereof to receive from the Available Distribution Amount on each Payment Date interest at the Class A Notes Interest Rate on the nominal amount of each Class A Note outstanding immediately prior to such Payment Date and, a payment of principal up to an amount equal to the Class A Principal Payment Amount.

Each Subordinated Note entitles the Subordinated Noteholder thereof to receive on each Payment Date, out of the amounts remaining from the Available Distribution Amount on each Payment Date after payment of interest and principal due and payable on the Class A Notes, interest at the rate of Subordinated Notes Interest Rate on the nominal amount of each Subordinated Note outstanding immediately prior to

such Payment Date, and thereafter, principal amounts of Subordinated Notes until the aggregate principal amount of the Subordinated Notes is reduced to zero.

With respect to payments of interest and principal, particular attention should be paid to the risk factor descriptions as set forth in "RISK FACTORS".

Ratings	The Class A Notes are rated AAA _{sf} by China Bond Ratings and AAA _{sf} by Fitch Bohua. The Subordinated Notes are not rated. The ratings address the ultimate payment of principal and the timely payment of interest. The rating should not be regarded as a recommendation by the Issuer, by the Lead Underwriter or by the Joint Lead Underwriters or by the Rating Agencies to buy, sell or hold the Notes; such a rating is subject to revision or withdrawal at any time.
Discount Rate	3.3134 per cent. per annum.
Discounted Receivables Balance	The Discounted Receivables Balance means, in respect of each Receivable, the cash flow of its scheduled periodic payments of principal and interest (if any) payable by the relevant Borrower in accordance with the terms of the relevant Loan Contract, as may be modified from time to time to account e.g. for unscheduled prepayments by the Borrower, <u>plus</u> any applicable late payment interest and penalties (whether imposed on principal or interest), discounted as of the relevant date at the Discount Rate on the basis of a 360-day year with 30 days per month.
Order of Priority	Order of Priority means the order of priority according to which the payments of interest and principal to the Noteholders are distributed and other payments due and payable by the Issuer are made as more specifically described in Clause 10.1 (<i>Distribution of Collections</i>) of the Trust Agreement.
Payment Date	the 26 th day of each month or, in the event such day is not a Business Day, on the next following Business Day unless that day falls in the next calendar month, in which case the date will be the first preceding day that is a Business Day. The Business Day mentioned above includes the statutory non-Business Day due to public holiday arrangement, which shall be subject to the requirements of the Registry.
Business Day	Business Day means any day on which commercial banks in the PRC are open for business, except Saturdays, Sundays and nationwide public holidays.
Monthly Payment	The monthly distribution of the Available Distribution Amount on each Payment Date in accordance with the Order of Priority. The "Available Distribution Amount" on each Payment Date shall be the sum of the following: – the Collections for the Monthly Period related to each Payment Date; plus – drawings from the Cash Collateral Account as provided under Clause 10.2 (<i>General Cash Collateral Amount</i>) of the Trust Agreement; – balance standing to the credit of the Distribution Account as of the preceding Calculation Date; – any investment earnings from the Accounts; and – interest earned on the Distribution Account.
Legal Maturity Date	26 July 2033
Expected Maturity Date	26 June 2030
Applicable Law	The Notes are governed by the laws of the PRC.
Tax Status of the Notes	See "TAXATION".
CCDC	China Central Depository & Clearing Co., Ltd.

Transfer and Trading	Class A Notes are transferable in accordance with the rules and procedures prescribed by PBOC, Interbank Lending Centre and CCDC after they have been listed on the Interbank Bond Market. Subordinated Notes may be traded in accordance with the rules and procedures prescribed by PBOC.
PURCHASED RECEIVABLES AND LOAN SECURITY	The assets and security backing the Notes consist of the following:
Purchased Receivables	Under the Trust Agreement, the Originator will entrust the Purchased Receivables and the Loan Collateral to the Issuer. The Purchased Receivables arise from (a) the Financed Objects primarily originated by natural person and corporate customers of Bentley, FAW-AUDI, FAW-VW, Jetta, Lamborghini, Porsche, SAIC-AUDI, Skoda, SVW, VW Import, VW Anhui and vehicles of certain other brands financed by VWFC under the Loan Contracts, and (b) the Loan Contracts which provide for repayment of the loan (i) by monthly instalments, including both standard equal instalments loans and non-equal instalments loans which is not a balloon credit-loan or (ii) with monthly instalments and a final balloon instalment. If the Purchased Receivables should partially or totally fail to conform on the Cut-Off Date with the warranties given by VWFC in the Trust Agreement (for a detailed description of the warranties (eligible criteria) which apply to the Receivables see "DESCRIPTION OF THE PURCHASED RECEIVABLES AND THE LOAN COLLATERAL") and such failure materially and adversely affects the interests of the Issuer or the Noteholders, VWFC may, until the end of the Monthly Period which includes the sixtieth (60th) day (or, if VWFC elects, an earlier date) after the date that VWFC became aware or was notified of such failure, cure or correct such failure. Any such breach or failure will not be deemed to have a material and adverse effect if such failure does not affect the ability of the Issuer to receive and retain timely payment in full on such Purchased Receivable. If VWFC does not cure or correct such failure prior to such time, VWFC is required to repurchase any Purchased Receivable affected by such failure on the Payment Date following the expiration of such period. Any such repurchase by VWFC of the Purchased Receivables on such Payment Date shall be at a price equal to their then outstanding Discounted Receivables Balance.
Cut-Off Date	31 August 2026
Loan Collateral	Loan Collateral consists of (a) security interest in respect of Financed Objects, (b) Insurance Claims, and (c) any other collateral provided by the Borrower to VWFC under or in connection with the relevant Loan Contract, in each case to the extent and subject as acquired by the Originator. Any claims under the guarantees provided by the Security Providers to secure the performance of the Borrower's obligations under the Purchased Receivables and the Loan Collateral are entrusted and assigned by the Originator to the Trust Company under the Trust Agreement.
Cash Collateral Account	Cash Collateral Account is an account of the Trust Company held with the Account Bank and credited with the General Cash Collateral Amount. The Issuer shall on the Issue Date deposit RMB 48,000,000 into the Cash Collateral Account, which serves as the General Cash Collateral Amount. Distribution shall be made from the Cash Collateral Account on any Payment Date prior to the occurrence of a Foreclosure Event, if and to the extent the General Cash Collateral Amount exceeds the Specified Cash Collateral Account Balance and no Credit Enhancement Increase Condition is in effect, according to the following Order of Priority: <i>first</i>, to the Subordinated Noteholders, amounts payable in respect of accrued and unpaid interest on the Subordinated Notes (including, without limitation, overdue interest); and <i>second</i>, (i) prior to the satisfaction of Clean-Up Call Conditions or in the case that the Clean-Up Call Conditions are satisfied but the Originator fail to exercise a Clean-Up Call, to the Subordinated Noteholders for repayment of outstanding principal

amounts of Subordinated Notes on condition that the outstanding principal amounts of Subordinated Notes after repayment is no less than 5% of the then outstanding principal amount of the Notes; or (ii) after the satisfaction of Clean-Up Call Conditions and the Originator choose to exercise a Clean-Up Call, to the Subordinated Noteholders, for repayment of outstanding principal amounts of Subordinated Notes until it has been reduced to zero; and

third, all remaining excess to the Originator by way of final success fee.

The Cash Collateral Account shall be kept at all times with the Account Bank or a bank if its credit rating satisfies the Account Bank Required Rating or above. The obligation of the Issuer to deposit the General Cash Collateral Amount is subject to the receipt of the proceeds from the Issue.

Amounts on deposit in the Cash Collateral Account at any time shall be deposited in the Cash Collateral Account or other account opened with the Account Bank only for money deposit purpose. Prior to the occurrence of a Foreclosure Event, on each Payment Date the General Cash Collateral Amount shall be used to cover (a) any shortfalls in the amounts payable under first through fourth items according to the Order of Priority referred to in clause 10.1(c) of the Trust Agreement; and (b) on the Legal Repayment Date or as soon as no more Receivables are outstanding, any amounts payable under sixth through ninth items of the Order of Priority referred to in clause 10.1(c) of the Trust Agreement. In addition, the Originator as Servicer is entitled to utilise the General Cash Collateral Amount for the purposes of the Clean-Up Call in accordance with the terms of the Trust Agreement, in which case, the Trust Company shall utilise the General Cash Collateral Amount in accordance with the Originator's instruction.

Upon (i) the Legal Maturity Date; or (ii) all then outstanding Notes have been fully redeemed and repaid respectively, or (iii) upon an exercise of the Clean-Up Call, the Cash Collateral Account shall be closed and the Originator shall be entitled to the sums remaining in the Cash Collateral Account together with the interests accrued thereof. After the closing of the Cash Collateral Account, the Originator is entitled to any Purchased Receivables still being collected.

Purchase Price

The Purchase Price shall be RMB 3,752,000,000.00 (equal to the Aggregate Discounted Receivables Balance of the Purchased Receivables discounted at the Discount Rate as of the Cut-Off Date less (a) an amount of RMB 200,014,064.30 for overcollateralisation purposes and less (b) the General Cash Collateral Amount).

Overcollateralisation

Overcollateralisation in the amount of RMB 200,014,064.30 in the form of the additional Aggregate Discounted Receivables Balance at the Closing Date.

IMPORTANT TRANSACTION DOCUMENTS AND TRANSACTION FEATURES

Trust Agreement

Under the Trust Agreement, the Originator entrusts and assigns the Purchased Receivables to the Trust Company and the Trust Company accepts the entrustment and assignment, in each case pursuant to the terms of the Trust Agreement. The Trust Company agrees to hold all Trust Assets on trust for the benefit of the Noteholders and in accordance with the Trust Agreement, and further agrees to perform and discharge its duties and obligations in accordance with the Trust Agreement, the other Transaction Documents to which it is a party, the Trust Law, the Pilot Measures, the Pilot Supervision Measures, the Measures On Trust Companies and other applicable laws and regulations.

Early Settlement

Pursuant to the relevant provisions of the Trust Agreement, if an Event Of Legitimate Repudiation of Loan Contract occurs, the Issuer is entitled to demand the Originator to immediately reimburse the Discounted Receivables Balance of the relevant Purchased Receivables to the Issuer. "**Event Of Legitimate Repudiation Of Loan Contract**" means the event that a Borrower legitimately terminates or invalidates a

related Loan Contract or refuses to pay a Purchased Receivable or uses a right of set-off. The amount to be paid by the Originator to the Issuer (the "**Settlement Amount**") corresponds in each case to the present value of all Receivables becoming payable under the relevant Loan Contracts during the remaining contract term absent a Settlement, calculated by using the Discount Rate and on the basis of a 360-day year with 30 days per month. Discounting shall be made on the last calendar day of the month in which the Settlement shall become effective. The Settlement Amount shall be due immediately.

Such retransfers or cases of Early Settlement of Purchased Receivables will lead to earlier than expected payments of the Notes. See "RISK FACTORS - Risk of Early Repayment".

Clean-up Call	Under the Trust Agreement , the Originator will have the option to exercise a Clean-Up Call and to repurchase the Purchased Receivables from the Issuer on any Payment Date when the Aggregate Discounted Receivables Balance is less than 10 per cent. of the Aggregate Discounted Receivables Balance as of the Cut-Off Date provided that all payment obligations under the Class A Notes will be thereby fulfilled by the proceeds of such purchase.
Servicing Agreement	Pursuant to the terms of the Servicing Agreement, the Servicer has retained the right, and is authorized and required, subject to revocation by the Issuer after a Servicer Replacement Event having occurred, to collect the Purchased Receivables in accordance with the Servicer's customary practices in effect from time to time, using the same degree of skill and attention that the Servicer exercises with respect to comparable vehicle Receivables that the Servicer collects for itself or others (where applicable).
Account Agreement	Account Agreement is dated on or about the Signing Date by and among the Trust Company, the Account Bank and the Servicer, governing the opening, operation and custody of the Accounts and the funds therein.
Underwriting Agreement	Pursuant to the Underwriting Agreement, the Lead Underwriter and the Joint Lead Underwriters shall underwrite the Senior Asset Backed Notes.

Form, Nominal Value, Legal Status, Ranking

The nominal value of each scripless Note shall be RMB 100 before it is converted to a physical note, and the nominal amount of the Notes shall be the aggregate amount of the Notes from time to time entered into the records of CCDC. The records of CCDC (which expression shall mean the records that CCDC holds for its customers, reflecting the amount of such customers' interests in the Notes) shall be conclusive evidence of the nominal amount of the Notes represented by the Notes and, for these purposes, a statement issued by CCDC stating that the nominal amount of Notes so represented at any time shall be conclusive evidence of the records of CCDC at the time. At any redemption or payment of principal or interest being made in respect of, or purchase and cancellation of, any of the Notes, the Issuer shall procure that details of such redemption, payment or purchase and cancellation (as the case may be) shall be entered into the records of CCDC and, upon any such entry being made, the nominal amount of the Notes entered into the records of CCDC shall be reduced by the aggregate nominal amount of the Notes so redeemed, purchased and cancelled or by the aggregate amount of such principal so paid.

If one of following circumstances occurs, physical Notes shall be issued to replace scripless Notes which are at the time being held in CCDC's custody:

- (i) CCDC ceases to operate for more than fourteen (14) consecutive Business Days;
- (ii) CCDC announces that it will terminate operations indefinitely;
- (iii) CCDC gives notice to the Trust Company that CCDC is unable to or is not willing to perform its obligations as the custodian of the Senior Notes,

and the Trust Company has not or is not able to find another entity to replace CCDC.

The same Class of Notes shall have the same status and each Note in the same Class shall not be subject to any preferential priority treatment. Subject to the Order of Priority, Class A Notes rank senior to Subordinated Notes with respect to payment of principal and interest as described in the Order of Priority. Further, (i) Class A Notes constitute direct, unconditional and secured obligations of the Issuer, and rank *pari passu* among themselves, and (ii) Subordinated Notes constitute direct, unconditional and secured obligations of the Issuer, and rank *pari passu* among themselves.

Unless mandatory provisions of law provide otherwise, the claims of the Class A Noteholders under the Class A Notes, and the claims of the Subordinated Noteholders rank against the claims of other creditors of the Issuer in accordance with the Order of Priority.

Transfer and Trading of Asset Backed Notes

Once approved by PBOC, Class A Notes may only be transferred in accordance with the rules and procedures prescribed by PBOC, Interbank Lending Centre and CCDC after they have been listed on the Interbank Bond Market. Subordinated Notes may be traded in accordance with the rules and procedures prescribed by PBOC.

Issuer's Liabilities

All payment obligations of the Issuer under the Notes constitute solely obligations to distribute amounts out of the Available Distribution Amount as generated, *inter alia*, by payments to the Issuer from the Borrowers through the Servicer as available on the respective Payment Dates according to the Order of Priority. The Issuer shall ensure that all moneys paid to the Servicer shall be deposited to the Distribution Account or other account opened with the Account Bank only for money deposit purpose. The Issuer shall, on or before the Issue Date, establish and thereafter maintain the Cash Collateral Account to provide limited coverage for payments of interest and principal on the Notes and certain other amounts in accordance with Clause 10.2 of the Trust Agreement. The Issuer shall further exercise all of its rights under the Transaction Documents with the due care of a prudent businessman such that obligations under the Notes may, subject always to the provisions of these Asset Backed Notes Terms & Conditions as to the Order of Priority, be performed to the fullest extent possible. To the extent that upon the exercise of such rights, funds in the Distribution Account and/or the Cash Collateral Account will be insufficient to satisfy in full the claims of the Transaction Creditors, any claims remaining unpaid shall be extinguished at the Legal Maturity Date and whereupon, the Issuer shall have no further obligations thereto and, for the avoidance of doubt, none of the Noteholders shall have any further claims against the Issuer in respect of such claims remaining unpaid. No shareholder, officer, director, employee or manager of the Issuer or their respective affiliates shall incur any personal liability as a result of the performance or non-performance by the Issuer of its obligations under the Transaction Documents and no Noteholder or Transaction Creditor shall have recourse against any such Persons.

The Issuer shall inform the Class A Noteholders and Subordinated Noteholders, respectively, no later than on the Trust Company Report Date by means of a publication specified in Condition 15 (*Meetings of the Noteholders*), with reference to the Payment Date (as described below) of such month, as follows:

- (i) the repayment of the nominal amount payable on such class of Notes (if any) and the amount of interest calculated and payable on such class of Notes on the succeeding Payment Date;
- (ii) the nominal amount remaining outstanding on each such of Notes as of the relevant Payment Date and the amount of interest remaining unpaid, if any, on the such class of Notes as from such Payment Date;
- (iii) the relevant Note Factor;
- (iv) the remaining General Cash Collateral Amount; and
- (v) in the event of the final Payment Date with respect to such class of Notes, the fact that this is the last Payment Date.

The Issuer shall make available for inspection by the respective Noteholders, in its offices at 10th Floor, Building 4, Chang'an Xingrong Center, No.1 Naoshikou Street, Xicheng District, Beijing and at the specified offices of the Paying Agent and during normal business hours, the documents from which the figures reported to such Noteholders are calculated.

Payments of Principal and Interest

Interest payments shall be based on the amount available for distribution in the Distribution Account and in accordance with the Order of Priority.

On each Payment Date, the Issuer shall, subject to Condition 5 (*Issuer's Liabilities*), pay to each Noteholder interest at the applicable interest rate on the nominal amount of the Notes outstanding immediately prior to such Payment Date, and shall redeem the nominal amount of the Notes (where applicable) in accordance with Condition 7 (*Principal Repayment*) by applying the amount remaining thereafter in accordance with the Order of Priority, in each case in accordance with Condition 9.3(*Principal and Interest*).

Sums which are to be paid to the Noteholders shall be rounded to the nearest full cent for each Note, and the Servicer shall be entitled to any amount resulting from rounding differences of less than RMB 1,000,000 remaining on the Legal Maturity Date.

Payments of principal and interest, if any, on the Notes shall be made by the Paying Agent on the Issuer's behalf.

The first Payment Date shall be 26 October 2026. The final payment of the then outstanding principal amount of each Note plus interest thereon is expected to take place on or before the Scheduled Repayment Date for such Note. All payments of interest on, and principal of the Notes will be due and payable in full on the Legal Maturity Date.

Payments by the Paying Agent (including a substitute or alternative paying agent), shall be made from the Distribution Account without having to execute an affidavit or fulfil any formalities other than the compliance with tax and other applicable regulatory requirements. The Servicer is entitled to transfer paid-in amounts to the Account Bank prior to the relevant Payment Date and leave any amounts not claimed by the Noteholders upon maturity with the Account Bank.

In its capacity as such, the Paying Agent shall act solely as the agent of the Issuer and shall not maintain an agency or trust relationship with any of the Noteholders. The Issuer and the Originator may appoint a new paying agent, or if there are grounds to do so, appoint an alternative paying agent and revoke the appointment of the Paying Agent. Appointments and revocations thereof shall be announced in accordance with Condition 15.3 (*Notice*).

Any notice, opinion, decision, evidence, calculation, quotation or resolution issued, expressed, made or obtained by the Trust Company for the purposes of these Assets Backed Notes Terms & Conditions shall be binding on the Noteholders in the absence of manifest errors.

Principal and interest payments under the Notes shall be paid to the Noteholders (as recorded with the Registry as of the Trust Beneficiary Interests Registration Date) in accordance with the Order of Priority. The Account Bank

shall, no later than 12:00 AM of the preceding day to each Payment Date, transfer the relevant funds to the relevant accounts opened with CCDC in accordance with the Trust Company's instructions. CCDC shall, no later than the relevant Payment Date, distribute the relevant funds to the designated accounts of each of the Noteholders through its payment system. For physical Notes, the relevant funds shall be transferred to the designated accounts of the relevant Noteholders (as recorded with the Registry). The final payment shall be made at the principal place of business of the Trust Company upon the return of the Notes (to the extent they are physical Notes) from the Noteholders.

Without prejudice to the provisions in Condition 9 (*Payments*), all payments related to the Notes are subject to the restrictions imposed by the applicable financial and other laws and regulations.

The Noteholders recorded as beneficiaries under the Trust with the Registry on the Trust Beneficiary Interest Registration Date are entitled to principal and interest payments in respect of the relevant Notes that are due and payable on such Payment Date.

Principal Payment Amounts

On each Payment Date, Class A Noteholders are paid an amount necessary to reduce, on such Payment Date, the outstanding principal amount of the Class A Notes to the Class A Targeted Note Balance.

Subordinated Noteholders are paid after Class A Noteholders have been paid.

Interest

Interest shall accrue on the Overdue Principal Amount of each of Class A Notes and Subordinated Notes from (and including) the Issue Date in accordance with Condition 6 (*Interest*). Except for the interest for the period starting from (but not including) the Issue Date up to 26 October 2026 which will be paid on 26 October 2026, interest on the Notes for each Interest Period shall be paid on the Payment Date. If the Payment Date does not fall on a Business Day, such Payment Date shall fall on the next Business Day unless that day falls in the next calendar month, in which case the date will be the first preceding day that is a Business Day. The Business Day mentioned above includes the statutory non-Business Day due to public holiday arrangement, which shall be subject to the requirements of the Registry.

Interest Period means the period starting from (and including) an Interest Calculation Date and ending on (but excluding) the next Interest Calculation Date, provided that the first Interest Period shall start from (and including) the Issue Date and end on (but not including) the Interest Calculation Date that falls on 26 October 2026. Interest for Class A Notes and Subordinated Notes shall cease to accrue from the earlier date of the Legal Maturity Date and the day on which the principal under such Notes have been unconditionally repaid in full. Until the day on which the principal under the Notes have been unconditionally repaid in full to the Noteholders, interest shall continue to accrue in accordance with Condition 6 (*Interest*).

The amount of interest payable in respect of each Class of Notes on any Payment Date shall be calculated not later than the first (1st) day of the relevant Interest Period by applying the applicable interest rate to the principal amount outstanding immediately prior to such Payment Date and multiplying the amount thereof by a fraction with the numerator being the actual number of days in such Interest Period and the denominator being 365, all as determined by the Trust Company.

The respective applicable interest rates for the Notes are:

- (i) For Class A Notes, the interest rate per annum applicable to Class A Notes as determined by way of book building issuance through the book building issuance system, being 1.60%
- (ii) For Subordinated Notes, fixed interest rate, which shall be determined prior to the Issue Date

Accrued Interest that is not paid on any Class of Notes on the Payment Date related to the Interest Period in which it accrued shall be an Interest Shortfall with respect to such Class of Notes and be carried over to the next Interest Period.

Foreclosure Event

A Foreclosure Event means any of the following events or circumstances:

- (i) with respect to the Issuer an Insolvency Event occurs;
- (ii) the Issuer defaults in the payment of any interest on the Controlling Notes then outstanding when the same becomes due and payable, and such default continues for a period of ten (10) Business Days (or such longer period as approved at a Controlling Noteholders' Meeting);
- (iii) the Issuer defaults in the payment of principal of any Note on the Legal Maturity Date,

provided that it shall not be a Foreclosure Event until after a unanimous decision has been made by the Controlling Noteholders at the relevant Controlling Noteholders' Meeting that the replacement of the Issuer with another Trust Company which meets the Trust Company Qualified Standard is not viable.

Repurchase & Cancellation

Where the Originator elects to exercise the right of repurchase in accordance with Clause 4.3 (*Clean-Up Call*) of the Trust Agreement, the Trust Company shall repurchase all of the outstanding Notes on the next Payment Date following the Originator's election to exercise the right of repurchase.

Subject to Condition 8 (*Repurchase & Cancellation*), the Trust Company shall repay all overdue principal together with any accrued but unpaid interest to the relevant Noteholders no later than Legal Maturity Date unless such payment has already been made.

The Trust Company shall be the trust company of the Trust and may not purchase any of the Notes from the public market or any other mediums at any time.

Each Noteholder of physical Notes shall return the Notes to the Trust Company for cancellation upon the final repayment of such Notes. All Notes redeemed by the Trust Company in such manner shall be cancelled and may not be re-issued or sold.

Rights of the Noteholders after a Foreclosure Event

If a Foreclosure Event occurs and it is not cured or remedied in accordance with the Transaction Documents, the Noteholders (through a Controlling Noteholders' Meeting) may decide whether to declare the occurrence of a Foreclosure Event. Once a decision has been made to declare a Foreclosure Event, the Noteholders shall issue an **Enforcement Notice** to the Trust Company to declare that the Notes shall be redeemed, in which case the relevant principal and interest shall be due and payable at once. The date on which the Enforcement Notice is issued shall be referred to as the "**Enforcement Date**". Upon receipt of an Enforcement Notice, the Trust Company (representing the Noteholders) shall notify the Servicer, the Account Bank, the Registrar, the Paying Agent and the Rating Agencies of the notice. So long as no Enforcement Notice has been given, the Account Bank shall continue to distribute the Collections in accordance with Clause 10.1 (*Distribution of Collections*) of the Trust Agreement.

If the Notes shall be redeemed following the issuance of an Enforcement Notice, but the Trust Company does not have sufficient funds to repay the Notes, recourse of the Noteholders shall be limited to the Trust Assets. If the Trust Assets are not sufficient to cover the principal, interest and other payments payable under the Notes, the proceeds from the realisation of the Trust Assets shall be distributed according to the Order of Priority, and the Noteholders shall have no further claim against the Trust Company beyond the value of the Trust Assets.

On the Enforcement Date or thereafter, the Trust Company shall take action or initiate legal proceedings for the enforcement and/or sale of the Trust Assets (except for cash) in accordance with the instructions of the resolutions passed at the Controlling Noteholders' Meeting to repurchase the Notes and to pay any interest or other payments in accordance with the Asset Backed Notes Terms & Conditions, the Trust Agreement and other Transaction Documents.

Limitation of rights of action

Unless otherwise provided under the laws of the PRC, the limitation for right of action on the principal and interest payable under the Notes shall be three (3) years of the first due date of such payment.

Notice

For scripless Notes that are in the custody of CCDC, notice from the Trust Company and its representatives (or other Persons provided under the Transaction Documents) to the Noteholders shall be given electronically in accordance with the rules prescribed by CCDC.

For physical Notes, notice from the Trust Company and its representatives (or other Persons provided under the Transaction Documents) to the Noteholders shall be given by registered mail and delivered to the Noteholders' respective addresses as recorded with the Registry and in accordance with the rules prescribed by CCDC. Any such notice shall be deemed to be received on the fourth (4th) Business Day of despatch.

Binding Effect and Other Matters

Unless otherwise provided under the Asset Backed Notes Terms & Conditions, any notice, opinion, decision, evidence, calculation, quotation or resolution issued, expressed, made or obtained for the purpose of the Notes shall be binding on the Trust Company and all Noteholders if there are no manifest errors.

Applicable Law

The Asset Backed Notes Terms & Conditions shall be governed by and construed in accordance with the law of the People's Republic of China (which shall exclude the Special Administrative Regions of Hong Kong and Macau and Taiwan Region for the purposes of the Asset Backed Notes Terms & Conditions).

5.4 RISK RETENTION

The Senior Notes under this securitization will be publicly offered in the National Interbank Bond Market, and all of the Subordinated Notes will be retained by the Originator till the maturity of the Subordinated Notes, the amount of the Subordinated Notes is 13.38% of the total amount of the securitization project. Such risk retention arrangement is in line with the relevant provisions under the Public Announcement of PBOC and CBIRC (2013 No. 21).

6 OPINION OF THE INTERMEDIARY AGENCIES

6.1 ABSTRACT OF THE LEGAL OPINION AND DUE DILIGENCE

To: Volkswagen Finance (China) Co., Ltd.

Legal Opinion on DRIVER CHINA EIGHTEEN AUTO LOAN SECURITIZATION TRUST by Volkswagen Finance (China) Co., Ltd

King & Wood (hereinafter as “**We**”) is a firm of lawyers duly qualified and authorized to practice PRC laws in the People’s Republic of China. According to the request of Volkswagen Finance (China) Co., Ltd. - VWFC legally owns the collateral loans, subordinated mortgage and other subordinated security interests to be entrusted to the Trust Company pursuant to the Trust Agreement, and has not created any security interest or encumbrance upon the aforementioned assets for the benefit of any third party; and
- the sampled collateral loans are representative and could represent the entire asset pool in all material aspects.

(3) Facts and Legal Basis

This legal opinion is issued solely pursuant to the laws, administrative regulations and departmental rules of the PRC (for the purpose of this legal opinion, excluding the Hong Kong Special Administrative Region, the Macao Special Administrative Region and Taiwan province) (hereinafter as "**PRC Laws**") which are effective as of the date hereof. With regard to facts in connection with this legal opinion but without been independently investigated, checked and verified, we have relied on the authenticity and integrity of the representations and warranties (excluding those of the legal issues we give legal opinion hereof) in the Transaction Documents given by the parties that have executed, or will execute Transaction Documents and the certificate signed by the authorized signatory hereof and confirmation letter issued by them.

(4) Legal Opinion

On the basis of the assumptions and statements hereof and pursuant to the current PRC Laws, and in accordance with the business standards, ethics and spirit of due diligence generally accepted by the legal profession, we are of the opinion that:

1. VWFC is a limited liability corporation validly existing according to the PRC Laws and has the full capacity for civil rights and civil conducts to execute, deliver and perform the Transaction Documents to which it is a party according to the PRC Laws.
2. VWFC has obtained, pursuant to its articles of association and other relevant constitutional documents, all necessary internal authorizations for the execution, delivery and performance of the Transaction Documents of this Project.
3. The execution, delivery and performance of the Transaction Documents of this Project do not violate the PRC Laws applied to VWFC and its articles of association and other relevant constitutional documents.
4. Subject to the obtaining and completion of the below issues in section 5 below, the Transaction Documents, upon the legal and effective execution and delivery by the parties of this Project, shall constitute effective and binding documents to the parties of this Project and the parties may claim rights against other parties according to the provisions of the Transaction Documents.
5. The execution, delivery and performance of the Transaction Documents by VWFC to which it is a party is not subject to the approvals, permissions, authorizations and consents from any government authorities except for those which has already obtained and the issues as following:
 - a) prior to the disclosure of information relating to the Asset Backed Notes contemplated to be issued, filing with PBOC according to the Notice on the Relevant Issues of the Administration of the Issuance of Asset Backed Notes; and
 - b) for the purpose of trading of Asset Backed Notes in the National Inter-Bank Bond Market, the relationship between creditor and debtor shall be determined and clarified and registration shall be completed pursuant to Measures on Pilot Securitization Administration of Credit Assets and Adjustment to Administrative Policies on Bond Trading and Circulation in Inter-bank Bond Market.
6. Subject to the obtaining and completion of the above issues in section 5, the Trust is effectively established after filing with NFRA and obtaining approval from PBOC in regard to this Project, the legal and effective execution and delivery of Transaction Documents of this Project by the parties and transfer of the specific collateral loan claims to be securitized from VWFC to the Trust Company according to the Trust Agreement. Trust Assets are separated from the other assets of VWFC. When VWFC is dissolved, revoked or declared bankrupt according to law, under the circumstance that VWFC is not the sole beneficiary of the Trust, the Trust would remain existing and the Trust Assets shall not be regarded as liquidation property, but only the trust beneficiary interest of subordinated Asset Backed Notes held by VWFC will be regarded as its liquidation property; under the circumstance that amounts payable of Senior Asset Backed Notes have been fully paid and VWFC as the holder of subordinated Asset Backed Notes is the sole beneficiary, then the Trust shall be terminated and the Trust Assets shall be its liquidation property. Trust Assets are also separated from the assets owned by the Trust Company. If the Trust Company is dissolved, revoked or declared bankrupt according to law, the Trust Assets shall not be regarded as its liquidation property.
7. Subject to the obtaining and completion of the above issues in section 5, the transfer of the specific collateral loan claims by VWFC shall have legal effect between VWFC and the Trust Company after filing with CBRC and obtaining approval from PBOC in regard to this Project, the legal and effective execution and delivery of Transaction Documents by the parties of this Project. If any event takes place under which Right Perfection Notice shall be delivered according to the Trust Agreement, the transfer of creditor's right shall have legal effect to the borrower after a notice of the transfer of creditor's right in the form of Right Perfection Notice has been given to the borrower.
8. When VWFC transfers the specific collateral loan claims to be securitized according to the Trust Agreement, it shall transfer the mortgage relating to the specific collateral loan claims in the meantime. Pursuant to Article 403 of the Civil Code of the People's Republic of China (hereinafter as "**Civil Code**"), for a mortgaged movable property, the mortgage rights are created on the date on which the mortgage contract

enters into effect; without registration, the mortgage rights may not be used as a defense against a bona fide third party. According to Article 407 of the Civil Code, mortgage may not be assigned independently from the creditor's rights or used to secure other creditor's rights. Unless it is otherwise prescribed by any law or is otherwise stipulated by the parties, when the creditor's rights are assigned, the mortgage thereof shall be assigned concurrently. Moreover, according to Article 547 of the Civil Code, where a creditor assigns his claim, the assignee shall acquire the accessory right related to the claim, unless the accessory right belongs exclusively to the creditor. Failure to register the assignment of the accessory right or failure to transfer the possession thereof shall not affect the acquisition of the accessory right by the assignee. Therefore, in this Project, the Trust Company shall still enjoy the title to the mortgage over the automobile even without completing the registration of mortgage or registration of the change of mortgage, but it may not be against a bona fide third party.

9. According to the due diligence, we are of the opinion that the examined sampled collateral loans are in line with the standard of representations and warranties of Underlying Asset Pool given by VWFC pursuant to the Trust Agreement and the related Loan Contracts, mortgage agreements and other relevant legal documents regarding the asset pool are in line with laws and regulations.
10. It complies with the Trust Law, Measures on Pilot Securitization Administration of Credit Assets, Measures for the Supervision and Administration of Pilot Projects of Credit Asset Securitization of Financial Institutions to utilize the specific collateral loan claims, subordinated mortgage and other subordinated security interests held by VWFC as the underlying assets of securitization of credit assets and the Underlying Asset Pool can be entrusted according to law.

We issue the legal opinion solely over the legal issues related to the registration by VWFC with CCRC and application by VWFC to PBOC for this Project and we do not give comments on professional matters such as accounting, audit and tax.

This legal opinion is issued solely for the matters hereof and shall not be deemed to be issued for other matters. This legal opinion shall only be used by VWFC and CCBT for the purpose of the registration with CCRC and the application by them to PBOC for this Project. Without our prior written consent, this legal opinion shall not be used or relied on by any other person for any other purposes.

6.2 ABSTRACT OF THE ACCOUNTING OPINION

Summary of Accounting Report related to the Proposed Driver China eighteen Asset-Backed Securitization of Auto Mortgage Loan originated by Volkswagen Finance (China) Co., Ltd. through the PRC Inter-Bank Bond Market

Ernst & Young Hua Ming LLP (“EY”, “We” or “Our Firm”) were engaged to report on the appropriate application of the Accounting Standards for Chinese Enterprises issued and in force as of the date of this report in Driver China eighteen Asset-Backed Securitization transaction. The purpose of this report is to help evaluate the accounting principles applicable to this securitization transactions.

This accounting principle application report is in accordance with *Measures for the Supervision and Administration of Pilot Credit-Based Asset Securitization of Financial Institutions (Order of the China Banking Regulatory Commission [2005] No.3)* and *Notice on the Procedures for Filing and Registration of Securitization of Credit Assets (2014 Yin Jian Ban No. 1092)* issued by the former China Banking and Insurance Regulatory Commission, and for the purpose of the asset-back securitization transaction.

We issue this accounting principle application report on Volkswagen Finance (China) Co., Ltd (“VWFC”)’s accounting treatment of the asset-backed securitization, in accordance with *Accounting Standards for Business Enterprises No. 23 - Transfers of Financial Assets* (“ASBE No.23”) as amended and issued in March 2017, and *Accounting Standards for Business Enterprises No. 33 - Consolidated Financial Statements* (“ASBE No.33”) as amended and issued in February 2014, and relevant application guidance, interpretations and explanations issued by Ministry of Finance (“MOF”).

Application analysis on de-recognition

In accordance with ASBE No.23 and ASBE No.33 and relevant application guidance, interpretations and explanations, etc., VWFC considers the following procedure to confirm whether and to what extent financial assets are derecognized:

1. Where the special purpose trust is required to be consolidated

In this securitization transaction, the purpose of the Trust is to effect the securitization of the Purchased Receivables which the originator (i.e. VWFC) entrusts and assigns to the trust company in accordance with the terms of the Trust Agreement. The trust company shall, according to the Trust Agreement, form the trust to act as a special purpose vehicle to hold, manage, serve and dispose of the trust assets, and collect income generated by the trust assets for the Noteholders.

The relevant activities after the establishment of the trust mainly include daily management of trust assets, including collection, transfer of recovery, risk management (overdue, default, disposal) and tax payment, etc. As the trustee, CCB Trust Co., Ltd. (“CCBT”) conduct trust affairs in the best interests of the Noteholders. VWFC manages and prepares report on the receivables in accordance with the Servicing Agreement and other transaction documents, as well as reasonable instructions and orders from CCBT. With respect to the interest of the Noteholders decided via general, special and unanimous resolutions, the resolution and decision through the Noteholders’ Meetings will have the final decision power.

As the holder of all the subordinated notes, VWFC will be the Controlling Noteholder in the case where the principal amount of the Class A notes are fully paid and discharged. However, in the case where the principal amount of the Class A Notes are not fully paid and discharged, the holders of the Class A Notes has the controlling power. Meanwhile, VWFC participates in the management of trust property as the Servicer in accordance with the Trust Agreement and Servicing Agreement. As a result, we need to determine whether VWFC is an agent, in accordance with ASBE No.33 paragraph 19. Detailed analysis are:

(1) Scope of the decision right

VWFC is the grantor of the securitization trust, and also the Servicer of the receivables, so it essentially participated in the management of the trust property and has power over the trust by participating in relevant activities of the trust.

(2) Other parties’ rights

CCBT can convene a Noteholders' Meeting to replace Trustee or Servicer upon the occurrence of an event which could have a material adverse effect to the interests of the Noteholders. CCBT is entitled to dismiss the Servicer by written notification and to appoint a replacement Servicer upon the occurrence of a Servicer Replacement Event.

CCBT and the Noteholders' Meeting's rights to replace Servicer are protective rights and for the purpose of protecting the interests of Noteholders. The rights can only be exercised under certain pre-determined events or events which could have a material adverse effect to the Noteholders, rather than the rights to make a direct decision.

(3) Variable return from other interests

In this securitization transaction, VWFC will hold all subordinated notes which the principal and interest of the subordinated notes are subordinated to the principal and interest of the Class A Notes. After the subordinated notes' principal balance is reduced to zero, all the collections will be paid to VWFC by way of a final success fee. VWFC will obtain or bear the corresponding risks and rewards, which vary according to the repayment of the underlying assets, i.e., VWFC obtains variable returns from the special purpose trust.

Conclusion:

VWFC obtains variable returns from the special purpose trust, and has the power over the special purpose trust to impact the variable return. Other parties does not have a substantial right to replace VWFC. Therefore, VWFC believes that the special purpose trust needs to be consolidated.

2. Whether the contractual right to receive cash flow has been transferred

(1) Whether VWFC transfers the contractual rights to receive the cash flows of the financial asset to another party

As the Servicer, VWFC is authorised and entitled (and in that respect also obligated) to collect and distribute the collections, in its own name but for the benefits of the Issuer, to the Issuer. The collections will then be further distributed to Noteholders via trust accounts in accordance with the Trust Agreement. VWFC believes VWFC and its consolidated special purpose entity retains the contractual rights to receive the cash flows of the financial asset, and assumes a contractual obligation to pay the cash flows to ultimate recipients.

(2) VWFC retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to final recipients. Whether it satisfies the condition of "pass-through"

A Cash Collateral Account structure is set up in this securitization, and VWFC shall deposit the initial cash collateral amount into the Cash Collateral Account on the issuance date. If on each payment date the balance of the distribution account is insufficient to pay trust taxes, servicer fee, and interest on Class A Notes, the balance of the Cash Collateral Account shall be used to cover such deficiency. The Cash Collateral Account will be replenished to the minimum level stipulated in the trust contract after the amount collected on the next payment date is fully paid to the trust taxes, servicer fee and interest on Class A Notes. At the legal maturity date or once the auto loan is paid off, the Cash Collateral Account will be used in addition to the above mentioned shortfall to cover the principal repayment of Class A Notes.

As the transferor, VWFC and its consolidated special purpose trust have contributed to set up a Cash Collateral Account, that is, to provide advance payments. In case of delay in collection, the transferor is obliged to pay to the final receiver the amount that has not been collected from the underlying assets. As the minimum level of the Cash Collateral Account as agreed in the trust contract may be lower than the initial deposit amount, the transferor has no right to recover the advance in full and to charge interest on the advance at the market rate. At the same time, as the Cash Collateral Account may be used to make up the insufficient part of the principal repayment of class A securities on the legal maturity date or once the auto loan is paid off, the transferor has no right to recover the advance payment in full and charge interest on the advance payment at the market rate. Therefore, the transaction does not meet the Accounting Standards for Business Enterprises No. 23 - Transfer of Financial Assets,

article 6 (2) 1 of the provisions of "the transferor is obliged to pay the final receiver only when it receives the equivalent cash flow from the financial asset"

Conclusion:

Due the Cash Collateral Account structure, the condition of "the transferor is obliged to pay the final receiver only when it receives the equivalent cash flow from the financial asset " under rule 6 of ASBE No. 23 - Transfers of Financial Assets is not satisfied. Therefore this structure does not pass the "pass-through" test, and does not meet the conditions for de-recognition. The auto mortgage loans will not be de-recognized from the accounts of VWFC.

Summary

Based on EY's understanding of the proposed transactions and the relevant accounting standards, EY have no objection towards the application of accounting principles by VWFC. VWFC will consolidate the special purpose trust of Driver China eighteen Asset-Backed Securitization, The auto mortgage loans will not be de-recognized from the accounts of VWFC.

The detailed factors considered in the accounting treatment of VWFC and EY's specific comments have been recorded in EY's Accounting Opinion.

6.3 ABSTRACT OF RATING REPORTS

China Bond Ratings - Abstract of Rating Report

Rating View:

- **The credit quality of the underlying assets:** The assets included in this project pool consist of auto mortgage loans, characterized by a relatively long weighted average contract term, high weighted average interest rates, substantial initial loan values, and a high debt-to-income ratio. The composition includes 12.69% additional loans, 4.74% used car loans, and 3.84% loans from external brands. According to CBR's methodology, the target default ratio (TDR) for AAAsf rating is 22.44%. The credit quality of initial underlying assets is relatively good.
- **The Originator:** As of April 2026, Volkswagen Finance (referred as "VWFC") had outstanding retail credit assets totaling RMB 24.423 billion, with a non-performing loan ratio of 0.65%. Among these, non-standard loans accounted for 3.98%, additional loans for 25.54%, corporate customer loans for 2.30%, used vehicle loans for 4.37%, loans to external brands for 8.46%, and new energy vehicles loans for 4.18%. Under the China Bond Rating System's subject rating framework, Volkswagen Financial Services demonstrates strong comprehensive operational capabilities, business management proficiency, and sustained stability.
- **Historical data:** CBR calculated the cumulative default rates for each of the 143 static sample pools provided by Volkswagen Financial Services on a period-by-period basis, and compared these with publicly available historical data from issuers of vehicle loan ABS products across the market. As shown in the figure, the actual average cumulative default rates for each static pool over periods of 12 and 24 months were 0.82% and 1.55%, respectively. The rise in default rates during the second half of 2019 was primarily attributed to the company's expansion into the used car business, which resulted in poorer default performance for used car loans issued through non-Volkswagen-certified dealers; subsequently, by strengthening used car channel management and customer eligibility reviews, the overall default rate improved.
- **Credit enhancement and transaction structure:** Credit enhancement mechanisms such as priority/subordinated structures, over-collateralization, and cash reserve accounts provide credit support for senior securities.

Based on the estimation results from the quantitative credit risk analysis of the portfolio and the cash flow stress testing model, combined with the qualitative analysis of rating elements, such as transaction structure risks, major participants' ability to fulfill their duties and legal risks, CBR assigns the following ratings to this Transaction: Class A Notes are rated at AAAsf, and Subordinated Notes are unrated.

Strengths

- **The credit quality of the underlying⁴ assets is relatively sound.** Among the top ten borrowers in this pool, the outstanding balance of principal and interest after write-offs accounts for 0.31%; loans to the largest borrower region (Henan) represent 9.24%, while those to the largest brand (Volkswagen) account for 54.11%, indicating low overall concentration risk. The average age of borrowers is 39.21 years, with a balanced age distribution, and most borrowers are in periods of career advancement and rising income; the weighted average debt-to-income ratio stands at 2.44, which is relatively high; borrowers exhibit strong personal credit scores; and the weighted average initial loan-to-value ratio reaches 78.10%, also at a high level. Overall, the credit quality of the underlying assets is quite favorable.
- **The priority/secondary structure and overcollateralization provide credit support for the senior securities.** At issuance, the credit support provided by the secondary and overcollateralization to the senior securities amounts to 18.38% of the outstanding principal as of the initial calculation date.
- **External liquidity reserves provide credit support for the senior securities.** This issue established a cash reserve sub-account, into which the trustee institution deposited an amount equal to the initial cash reserve (approximately RMB 48 million) on the trust's effective date, to mitigate potential liquidity risks associated with taxes, fees, and interest payments on the senior securities under the transaction documents, thereby

⁴ In accordance with the prospectus, the calculation and weighted average are based on the outstanding principal and interest balance after discounts.

providing credit support for them.

- **The transaction structure risk of this securities issue is relatively low.** The mitigation measures implemented for offsetting risks, commingling risks, absence of backup loan servicing institutions, liquidity risks, and legal risks effectively reduce the transaction structure risk.

Concerns

- **The static sample pool and the underlying asset pool may differ in certain characteristics and the macroeconomic environment they experience, which could introduce errors in the estimation of model-related parameters.** The differences between the static sample pool and the macroeconomic conditions faced by the securitized asset pool may lead to inaccuracies in the calculated model parameters. Zhongzhai Credit Rating has made corresponding adjustments to the parameters based on these characteristic differences between the asset pools and the static sample pool.
- **A certain proportion of the underlying assets consists of additional loans, which may face uncertainties in default performance and future cash flow recovery due to macroeconomic factors.** These loans account for 12.69%⁵ of the pooled assets; their non-performing rate is higher than that of loans without additional components, and they are more vulnerable to external macroeconomic fluctuations. Close monitoring of their performance remains essential.
- **The non-fully sequential cash flow payment mechanism reduces the credit support available to senior securities.** Under normal principal repayment conditions, once the excess collateral coverage ratio of Class A securities reaches a certain threshold, junior securities will receive principal payments simultaneously with senior securities; consequently, the credit support available to senior securities is correspondingly diminished compared to securities with sequential payment structures.
- **The securities in this issue have not undergone registration for the transfer of mortgage rights.** According to the terms of these securities, no registration procedures for such transfer are required on the trust's effective date; instead, the initiating institution shall continue to be registered as the nominal mortgagee with the competent government registration authority. The transaction documents stipulate that if the mortgage cannot be enforced against a bona fide third party, the entrusting institution is obligated, while the trustee has the right to demand that the entrusting institution repay the corresponding loan, thereby mitigating to some extent the risks associated with the absence of registration for the transfer change.
- **Against the backdrop of sustained policy support and accelerated transition between traditional and new growth drivers, China's macroeconomy is expected to maintain a long-term trend of steady improvement.** However, close attention must be paid to how changes in the external environment and sector-specific factors may impact credit risks. By 2025, China's economy will continue advancing under pressure while evolving toward greater innovation and efficiency, with emerging industries playing an increasingly significant role in driving macroeconomic growth. Looking ahead, the fundamental conditions and underlying trends supporting sustained economic improvement remain unchanged. In the short term, comprehensive analysis suggests that 2026 will see moderate quantitative growth alongside continuous structural optimization and enhanced development quality. Nevertheless, rising credit risks remain a concern due to factors such as slow recovery in household disposable income, intensifying competition among auto finance companies and commercial banks, evolving characteristics of underlying assets, and increased issuance of specialized loans. China Bond Rating has already incorporated these risk factors into its analytical models.

Fitch Bohua - Abstract of Rating Report

Key Rating Drivers

- **Obligor Default Risk:** Fitch Bohua assumed a base-case lifetime default rate for VWFC's portfolio of 1.7%, based on historical performance data from the originator, pool composition, and the expected economic growth in China. Fitch Bohua applied a stress default multiple of 5.0x in AAAsf scenario to account for the impact of economic deterioration on the transaction's cash flow.

⁵ In accordance with the Prospectus, the calculation and weighted average are based on the outstanding principal and interest balance after discounts.

- **Sequential Paydown Structure:** The transaction has a sequential payment structure. Credit enhancement (CE) includes subordinated notes, cash collateral amount and overcollateralisation. The rated notes can withstand corresponding rating stresses applied in the cash flow analysis.
- **Counterparty Risk:** Fitch Bohua considers the servicer and account bank in this transaction as eligible counterparties, which can support the notes rated up to AAAsf. The transaction has structural mechanisms ensuring that remedial actions take place if the servicer or account bank loses eligible counterparty status.
- **Servicer, Operational Risks:** VWFC is an experienced originator and servicer for China's auto ABS transactions. Fitch Bohua conducted an originator and servicer review and found the operation, underwriting, risk management and servicing procedures satisfactory and are comparable with those of other auto-finance companies.

Highlights

- **Strong initial collateral characteristics:** As of the initial cut-off date, all the underlying assets were normal loans originated by VWFC as determined under its '5-category' loan classification method. The weighted average (WA) seasoning of the initial portfolio is 10.1 months, and the WA remaining term is 40.6 months. The WA loan-to-value (LTV) ratio at origination is 78.1%. The borrowers are geographically distributed all over the country. The total outstanding discounted balance of top 10 borrowers is 0.3% of the initial portfolio balance. The underlying assets are highly diversified.
- **Adequate credit enhancement:** The initial credit enhancement for the Class A notes is 18.4%, which is sufficient to withstand Fitch Bohua's default stresses under the expected ratings with a buffer.
- **Adequate liquidity protection:** A cash reserve is funded from the proceeds of the notes at closing with an amount of RMB 48 million. The cash reserve is replenished up to the stipulated amount in the transaction waterfall. Such cash reserve amount could cover the payment interruption risk exposure sufficiently. Besides, the cash reserve could also provide additional credit enhancement.

Concerns

- **Interest rate compression:** The underlying assets have a weighted average interest rate of 7.5%, with a wide distribution: 33.8% of the loans carry an interest rate above 10.0%, while 19.7% are zero-interest loans. Defaults of high-interest rate loans will cause a decline in the overall interest rate level of the asset pool. To assess this risk, Fitch Bohua incorporates the assumption in cash flow stress tests that 50% of defaulted loans originate from the highest interest rate bucket.
- **Risk arising from unchanged mortgage right registrations:** The originator and the trustee may not, for each entrusted loan receivable, change the mortgage rights registration. Such arrangements may not defend against bona fide third parties.

6.4 ABSTRACT OF THE TAX OPINION

KPMG Advisory(China) Limited Beijing Branch (hereinafter referred to as “we” or “KPMG TAX”) has been engaged to issue an opinion (“the Tax Opinion”) on the proposed VWFC Driver Fifteen Asset-backed securitization of Automobile Collateral Loan (“this ABS transaction”) to be entered into by with Volkswagen Finance (China) Co., Ltd. (“VWFC”, “you” or “the Company”), as set out in the Engagement Letter with VWFC.

Our analysis in this opinion letter is based on our best knowledge of the current PRC tax laws and regulations, by making particular reference to the "VAT Law of the People's Republic of China" (Presidential Decree No. 41), "Regulations for the Implementation of the VAT Law of the People's Republic of China"(Decree of the State Council No. 826), "Announcement of the Ministry of Finance and the State Taxation Administration on Matters Concerning the Transition of Preferential VAT Policies Following the Implementation of the Value-Added Tax Law"(Announcement No. 10 [2026] of the Ministry of Finance and the State Taxation Administration), "Announcement on Matters Concerning the Specific Scope of VAT"(Announcement No. 9 [2026] of the Ministry of Finance and the State Taxation Administration), the Circular on Relevant Taxation Policy Issues concerning the Securitization of Credit Assets issued by the Ministry of Finance and the State Administration of Taxation (Cai Shui [2006] No. 5) , Notice of the Ministry of Finance and the State Administration of Taxation on Full Launch of the Pilot Scheme on Levying Value-added Tax in Place of Business Tax (Cai Shui [2016] No. 36) , Notice on Clarification of VAT Policies for Finance, Real Estate Development, and Educational Auxiliary Services" (Cai Shui [2016] No. 140), Supplementary Notice on Issues Concerning VAT Policies for Asset Management Products (Cai Shui [2017] No. 2) , Notice on Issues Concerning VAT on Asset Management Products (Cai Shui [2017] No. 56), Notice on VAT Policies including the Deduction of Input Tax for Rented Fixed Assets" (Cai Shui [2017] No. 90) and current CIT, VAT, stamp duty and other relevant laws and regulations.

Given that the VAT Law, its Implementation Regulations, and related supporting policies are scheduled to take effect only from January 1, 2026, clear and unified implementation standards regarding the VAT treatment rules for certain specific transaction stages within asset securitization deals have not yet been established. Meanwhile, tax regulatory documents such as Cai Shui [2016] No. 36 remain currently effective and serve as the primary applicable basis for VAT administration in practice. In the course of this analysis, we have also referenced the relevant provisions of the aforementioned documents, assessing the VAT implications at various stages of asset securitization transactions by applying the currently effective rules. It is particularly important to note that while the aforementioned tax regulatory documents have been issued and implemented for many years, due to factors such as the complexity of asset securitization transaction structures and the rapid iteration of innovative models, the tax characterization and specific treatment methods for certain special matters in transactions still require further clarifications and guidelines from the tax authorities.

According to Caishui[2016] No.140, Caishui[2017] No.56 and the Announcement No. 10 of 2026, the asset management company of any asset management products will be deemed as the responsible VAT taxpayer for any gains originated from such products. The VAT will be calculated with simplified method based on a 3% tax rate. The managers of asset management products include trust companies. Caishui [2016] No. 140, Caishui [2017] No. 56 and the Announcement No. 10 of 2026 has clarified that the asset manager (the Trustee) is the VAT taxpayer and VAT for the fund management products business will be calculated with simplified method based on a 3% tax rate. In other words, as long as VAT-taxable acts occur in the operation of asset management products, the trust company, as the asset management product manager, shall be liable for VAT, and the corresponding VAT liability is not affected by whether VAT has been paid in other links or upstream links.

Please note that the Tax Opinion is aimed at analysing each step involved in the above-mentioned ABS as well as the taxation treatment of each institution concerned in China, and does not constitute any taxation suggestion to investors and other institutions. Considering China's tax laws and regulations still have some uncertainties on certain issues and there are some differences in the practice of tax authorities, we suggest that investors should

consult with their tax authorities in charge for formal opinions according to specific issues. Executive summary of the tax treatments for each party involved in each step of the proposed ABS transaction structure is as follows:

The parties involved in this ABS Transaction include the Originator/Grantor, Issuer/The Trust Company, Servicer, Account Bank, institutional investors and other service agencies. This abstract of Tax Opinion summarizes the PRC tax implications from VAT, CIT and SD perspectives on the main parties involved under the respective transaction step.

1. Value-added tax (hereinafter referred to as the “VAT”)

(1) As the trustor of automobile mortgage loan securitization trust (hereinafter referred to as the “the Trust”), VWFC entrusted FOTIC Trust to set up the trust for those automobile mortgage loan assets (hereinafter referred to as the “Assets”). As for the behaviour of VWFC transferring its automobile mortgage loan assets in the process of setting up the trust, as of the issuance of the Tax Opinion, we have not yet found any provisions explicitly require the imposition of VAT on the transferor under such circumstances.

(2) The loan interest income derived by the trust shall be fully subject to VAT.

(3) Pursuant to the provisions of Cai Shui [2016] No.140, the manager of asset management products (hereinafter referred to as the “Product Manager”) is the VAT payer for the VAT taxable activity in the operation of asset management products. Pursuant to Cai Shui [2017] No.56, simplified tax calculation method is temporarily applied to the VAT taxable behaviour during the operation of asset management products by the manager of asset management products, and the VAT is paid at the percentage rate of 3%. For the VAT taxable behaviour in the operation of asset management products before January 1, 2018, VAT is no longer payable if it has not been paid; if VAT has been paid, the amount of tax paid could be deducted from the VAT payable by the manager of asset management products in the following months. Therefore, since January 1, 2018, in the process of *the securitization of the Assets*, VAT shall be paid if VAT taxable income is obtained in the operation of the trust, and FOTIC Trust, the manager of the asset management product, shall be the VAT payer.

(4) In the process of ABS, the service fee income obtained by the loan service institutions, the trust remuneration obtained by the trustee institutions, the registration/custody fee obtained by the registration institution, and the service fee income obtained by other institutions providing VAT-taxable services for the automobile mortgage loan securitization transactions shall be subject to VAT in accordance with the relevant policies and regulations.

(5) If the income of financial institutions investors (including banks and non-bank financial institutions) and non-financial institution investors during the period of holding the asset-backed securities of the Assets (including at maturity) is principal guaranteed income, they shall be regarded as providing loan service, and the corresponding interest income shall be subject to VAT.

(6) VAT shall be paid on the price difference income calculated by investors the selling price minus the buying price which are obtained by financial institution investors (including banks and non-bank financial institutions) and non-financial institution investors from the sale of the Assets.

2. Corporate Income Tax (hereinafter referred to as the “CIT”)

(1) We understand that in process of entrusting the auto loan, VWFC will continue to keep such asset on its balance sheet and recognize the cash payment of the assets it receives from the Trust as the liability at credit side, i.e., a loan from the Trust. In other words, VWFC will not recognize the asset transfer on its accounting book. In general, the calculation of the taxable income of corporate income tax should be based on accounting data if it is not clearly defined in the tax law. Therefore, if the tax authority approves the aforesaid accounting treatment, there shall not be any CIT implication upon the entrustment of auto loan. If the tax authority does not approve the accounting treatment, the gains derived from the transfer of basic assets should be accounted for taxable income; losses incurred in the course of such transfer could be deductible for CIT purpose after a special declaration made to the tax authority; Given that the transfer of auto loan by VWFC will be at a discounted value (i.e. the total purchase price received is lower than the book value of entrusted assets), there should be no tax liability generated from the transfer per se and hence no adverse CIT impact upon the entrustment.

(2) According to the Trust Agreement, the Trustee shall distribute or utilize the funds according to relevant clauses of the Trust Agreement. CIT is temporary not imposed, in the course of trust, if the trust returns has been allocated to the institutional investors (referred to as “institutional investors”) of the Assets during the year when such distributions are generated; after the institutional investors acquire such part of distributions, they shall recognize the taxable income according to the accrual principle, and CIT shall be calculated and paid according to CIT policies. For the part of the trust distributions that has not been allocated to the institutional investors during the year when the returns are generated, the trustee shall, in the course of trust, declare and pay CIT in accordance with the CIT policies; for such part of distributions which has been taxed in the course of trust, and is then redistributed to the institutional investors, the institutional investors shall make treatments accordance with the current relevant CIT policies concerning after-tax income.

(3) The price difference income from the ABS trading made by the institutional investors shall be subject to CIT in accordance with the CIT policies, while the losses occurred from such trading may be deducted according to relevant CIT policies. Income derived from the trust liquidation distribution by the institutional investors shall be subject to CIT according to relevant CIT policies, and from the liquidation may be deducted according to relevant CIT policies.

(4) In the transaction process of *the securitization of the Assets*, the service income obtained by the loan service institution, the trust remuneration obtained by the trustee institution, the remuneration obtained by the fund custody institution, the remuneration obtained by other institutions designated by the regulatory department to provide the ABS registration and custody services as the registration and custody institution and the service fee income obtained by other institutions providing services for *the securitization of the Assets* shall be included in their taxable income and CIT shall be calculated and paid at their applicable tax rates.

3. Stamp Duty (hereinafter referred to as the “SD”)

(1) The Trust Agreement/contract concluded by the Trustor (VWFC) and the Trustee (FOTIC Trust) in regards to the entrustment of auto loan shall not be subject to SD.

(2) Contracts for loan management concluded by the loan management servicer (VWFC) and the Trustee (FOTIC Trust) shall not be subject to SD.

(3) The Trustor (VWFC) and the Trustee (FOTIC Trust) are temporarily exempted from SD on the agreements (if taxable) signed with the Fund Custodian, the Securities Depository and other institutions providing services for the securitization transactions.

(4) The Trustee (FOTIC Trust) is exempted from SD for the issuance of the Assets, and the institutional investors are temporarily exempted from SD on trading the ABS.

(5) The trust account books set up by the Trustor (VWFC) and the Trustee (FOTIC Trust) specially for the ABS are temporarily exempted from SD.

4. Other Tax Issues

According to the Service Engagement letter, this Tax Opinion should not be relied upon by any other party for any other purpose and we expressly disclaim any liability or duty to any other party in this respect. Any other person choosing to rely on this advice does so at their own risks. To the fullest extent permitted by law, we accept no responsibility or liability to them in connection with the services provided in accordance with the terms of this engagement.

7 SUBSEQUENT ARRANGEMENT

7.1 FOLLOW-UP RATING ARRANGEMENT

CHINA BOND RATINGS - Arrangement of Rating Tracking

CBR will perform continued monitoring of the credit rating of the rated securities during the effectiveness of credit rating of this ABS. For Senior ABS, issued by the end of last year which has not matured and whose principal is not paid off, the credit rating tracking report will be published before July 31 in the current year. CBR will continuously keep a close watch on the credit quality of the ABS, and strives to collect and understand information that may affect the quality of this ABS. During the effective period of this ABS, Issuer/Originator should timely provide CBR with documents including but not limited to loan/asset report, trustee report, annual financial report, trust property status. If any material event that may affect ABS credit rating arises, trustee/servicer should, within 3 days of notice of the event, inform CBR and provide CBR with related documents. If CBR notices material event that may affect credit rating of this ABS, CBR should ask Originator, loan/asset servicer, trustee and lead underwriter to provide related documents so as to determine whether adjustment is needed for credit rating. Credit rating can be revoked if CBR can by no means acquire effective rating information.

Fitch Bohua - Surveillance Arrangements

In accordance with Chinese regulation and Fitch Bohua's internal policies, the outstanding Class A notes of 'Driver China Eighteen' will be subject to ongoing surveillance after publishing initial rating report. The surveillance includes periodic surveillance and event-driven surveillance.

Fitch Bohua will track relevant information on 'Driver China Eighteen', and monitor the payments of the notes, the credit quality of the asset pool and the performance of the duties and responsibilities of relevant parties in this transaction on an ongoing basis. Fitch Bohua will publish surveillance report by 31 July annually, starting from the second year after the issuance of initial rating report, while the Class A notes are outstanding. In case of any material change or event which may have a significant impact on the credit rating of the Class A notes, Fitch Bohua will conduct necessary investigations and take necessary rating actions on the matter.

Fitch Bohua's surveillance relies on the information and documents provided by related parties with respect to this transaction. The credit rating can be withdrawn if Fitch Bohua is unable to acquire effective rating information.

7.2 INFORMATION DISCLOSURE

INFORMATION DISCLOSURE REQUIREMENTS AND METHOD

During the life of the Notes in this issue, information will be disclosed through the release of Trust Company Reports by the Trust Company, the release of follow-up rating reports by the Rating Agencies as agreed upon, the release of a Trust liquidation report by the Trust Company and the release of other reports deemed necessary by the Trust Company. Noteholders can familiarise themselves with the management, utilization, disposal and receipts and expenditures of the Trust by reading the above-mentioned reports.

APPROACH AND CONTENT OF INFORMATION DISCLOSURES

The Trust Company should disclose relevant information to Noteholders on the website of China Money (www.chinamoney.com.cn), CCDC (www.chinabond.com.cn) and CFAE (www.cfae.cn) by other means provided under the NAFMII information disclosure guidance. The Trust Company should ensure that information disclosures are truthful, accurate and complete and do not contain any falsehoods, misleading statements or major omissions.

On each Trust Company Report Date, the Trust Company should provide the CCDC with a Trust Company Report showing the position of the Trust Assets corresponding to the Notes and information on the principal and interest payments corresponding to the Notes for the period in question.

By 30 April each year, the Trust Company should publish the Trust Company Report for the preceding year, audited by the Auditor. The Auditor has the right to review and audit relevant Trust-related accounts, documents, etc. of the Trust Company, the Servicer and the Account Bank for purposes of issuing its audit report, and the Trust Company, the Servicer and the Account Bank should cooperate therewith.

The Trust Company should reach agreement with the Rating Agencies on the arrangements for follow-up ratings of the Senior Asset Backed Notes and, by 31 July of each year of the life of the Senior Asset Backed Notes, disclose the previous year's follow-up ratings report to the Noteholders. The Trust Company should furnish the Rating Agencies with a copy of the Trust Company Report on each Trust Company Report Date. If an event requiring a special resolution or any of the following unexpected major events occurs, the Trust Company should notify the Rating Agencies within three Business Days after it became aware or should have become aware of the same.

INFORMATION DISCLOSURE MECHANISM UPON SPECIAL EVENT

If an unexpected major event that has a material impact on the value of the Trust Assets occurs, the Trust Company should register with the CCRE and provide information disclosure materials to the CCDC within three Business Days after it became aware or should have become aware of such event, and submit a report to the PBOC and the NFRA. "Unexpected major events" include, without limitation:

- (i) inability or expected inability of the Trust Company to pay the principal and interest of Senior Asset Backed Notes on schedule;
- (ii) the occurrence of any Foreclosure Event, Insolvency Event, Servicer Insolvency Event, Servicer Replacement Event, Trust Company Replacement Event or Trust Liquidation Event;
- (iii) the Trust Company and the Servicer or Account Bank violate laws or regulations or commit a default, and such violation or default could have a materially adverse effect on Class A Noteholders;
- (iv) the credit rating of Senior Asset Backed Notes is changed;
- (v) another matter that regulations of an oversight authority such as the PBOC, the NFRA and the CCRE, etc. require to be publicly announced; or
- (vi) other matters which must be publicly announced as specified under the NAFMII information disclosure guidance and in law.

DISCLOSURE MECHANISM FOR INFORMATION WHICH AFFECT PRODUCT RISK AND INVESTOR'S OPTION

Relating to the disclosure mechanism for information which affects product risk and investor's option, it will be provided with reference to the above information disclosure mechanism upon special event.

CCDC will credit the Asset Backed Notes to the custody accounts of the Noteholders on the Issue Date. Upon conclusion of the issuance, the Trust Company will apply to the PBOC for trading of the Class A Asset Backed Notes on the National Interbank Bond Market. The Subordinated Notes may be transferred in accordance with the rules and procedures prescribed by PBOC.

8 USE OF PROCEEDS

The aggregate proceeds from the issue of the Notes amount to RMB 3,800,000,000 and will be used to purchase the Purchased Receivables from the Originator, to pay costs related to the issue of the Notes and to endow the Cash Collateral Account with General Cash Collateral Amount. The Aggregate Cut-Off Date Discounted Receivables Balance is RMB 4,000,014,064.30.

9 ABSTRACT OF THE OTHER PRINCIPAL TRANSACTION DOCUMENTS

Trust Agreement

The Originator will enter into a Trust Agreement with the Trust Company/Issuer. Under the Trust Agreement the Originator entrusts and assigns the Purchased Receivables to the Trust Company and the Trust Company accepts the entrustment and assignment, in each case pursuant to the terms of the Trust Agreement. The Trust Company agrees to hold all Trust Assets on trust for the benefit of the Noteholders and in accordance with the Trust Agreement, and further agrees to perform and discharge its duties and obligations in accordance with the Trust Agreement, the other Transaction Documents to which it is a party, the Trust Law, the Pilot Measures, the Pilot Supervision Measures, the Measures On Trust Companies and other applicable laws and regulations.

The purpose of the Trust is to effect the securitization of the Purchased Receivables which the Originator entrusts and assigns to the Trust Company in accordance with the terms of the Trust Agreement. The Trust Company shall, according to the Trust Agreement, form the Trust to act as a special purpose vehicle to hold, manage, serve and dispose of the Trust Assets, and collect revenue generated by the Trust Assets for the Noteholders.

The consideration and Purchase Price for the Purchased Receivables shall be RMB3,752,000,000.00 which is equal to the Aggregate Discounted Receivables Balance of the Purchased Receivables (as discounted at the Discount Rate as of the Cut-Off Date) and less (a) an amount of RMB 200,014,064.30 for overcollateralisation purposes less (b) the General Cash Collateral Amount.

The Trust Company, as the issuer of the Senior Asset Backed Notes, shall enter into the Underwriting Agreement with the Lead Underwriter and the Joint Lead Underwriters before the Issue Date, pursuant to which the Lead Underwriter and the Joint Lead Underwriters shall underwrite the Senior Asset Backed Notes, which will be listed on the Interbank Bond Market. The Subordinated Notes will be issued to and subscribed by the Originator.

The Trust Agreement provides that, save for the occurrence of certain circumstances, no physical Notes shall be issued to replace the scripless Notes held in custody by CCDC. The Asset Backed Notes Terms & Conditions annexed to the Trust Agreement as a schedule sets out the provisions in relation to the Meeting of the Noteholders, including the convention of the Meeting of the Noteholders, the quorum requirement, voting and resolutions, written resolutions.

The Trust Agreement is governed by, and interpreted in accordance with laws and regulations of the PRC.

For the complete text of the Trust Agreement please see "TRUST AGREEMENT" of this Offering Circular.

Master Definitions Schedule

The Trust Company will enter into a Master Definitions Schedule with the Originator, which sets out the definitions of the terms or expressions referred to in each Transaction Document.

Servicing Agreement

Subject to revocation by the Issuer after a Servicer Replacement Event, the Servicer has the right, and is authorized and required to collect the Purchased Receivables in accordance with the Servicer's customary practices in effect from time to time, using the same degree of skill and attention that the Servicer exercises with respect to comparable vehicle Receivables that the Servicer collects for itself or others (where applicable). The Servicer may grant extensions, deferrals, amendments, modifications or adjustments on a Purchased Receivable in accordance with its customary practices in effect from time to time.

The Servicer shall pay the Settlement Amounts, the Clean-up Call Settlement Amounts, the proceeds from the sale or other disposal of the Financed Objects which the Issuer is entitled to, and all payments from the claims with respect to the Trust Assets entrusted and assigned to the Trust Company to the Distribution Account in accordance with the terms of the Trust Agreement.

The Servicer is entitled to commingle the Collections from the Purchased Receivables with its own funds during each Monthly Period if its credit rating satisfies the Servicer Required Rating or above, provided that it shall, on the sixth (6th) Business Day prior to each Payment Date, make a deposit of such monthly Collections into the

Distribution Account, but if its credit rating fails to satisfy the Servicer Required Rating, the following payment mechanism shall apply:

Since the Monthly Collateral Start Date, the Servicer shall:

- (i) advance an amount into the Distribution Account, equal to the Monthly Collateral for the Monthly Period in which the Monthly Collateral Start Date falls plus, if the Monthly Collateral Start Date falls on a date prior to the sixth (6th) Business Day prior to the Payment Date falling in such Monthly Period, an amount equal to the Monthly Collateral in respect of the preceding Monthly Period;
- (ii) for any subsequent Monthly Period in which the Servicer continues to fail to satisfy the Servicer Required Rating (save in respect of any Monthly Collateral posted under paragraph (i) above): on the first (1st) calendar day of such Monthly Period, determine the amount representing the Monthly Collateral in respect of the Monthly Period, and transfer the Monthly Collateral to the Distribution Account to be retained until the sixth (6th) Business Day prior to the Payment Date relating to such Monthly Period;

In the event that the above-mentioned calendar day on which the Monthly Collateral shall be made is not a Business Day, the Servicer shall transfer the Monthly Collateral on the next following Business Day unless that day falls in the next calendar month, in which case the date will be the first preceding day that is a Business Day.

- (iii) on the sixth (6th) Business Day prior to any Payment Date, Servicer's obligation to pay Collections for the relevant Monthly Period into the Distribution Account may be netted against its claim for repayment of the Monthly Collateral for such Monthly Period and such Monthly Collateral (after netting) will form part of the Available Distribution Amount on such Payment Date. If for such Monthly Period, the Monthly Servicing Report shows (1) that the Monthly Collateral which has been transferred to the Distribution Account by the Servicer for the relevant Monthly Period exceeds the Collections received by the Servicer for such Monthly Period, such excess amount shall be released to the Servicer outside the Order of Priority on the sixth (6th) Business Day prior to the relevant Payment Date, or (2) that the Collections received by the Servicer for such Monthly Period exceed the Monthly Collateral which has been transferred to the Distribution Account by the Servicer for the relevant Monthly Period, an amount equal to such excess shall be paid into the Distribution Account by the Servicer on the sixth (6th) Business Day prior to the relevant Payment Date;
- (iv) if the Servicer Required Rating is satisfied again, any Monthly Collateral standing to the credit of the Distribution Account shall be released to the Servicer outside the Order of Priority on the sixth (6th) Business Day prior to the next Payment Date following such satisfaction; and
- (v) promptly nominate a back-up Servicer which shall be acceptable to the Issuer, by notifying the Issuer in writing.

Provided it complies with its posting obligations in above paragraph (i) and paragraph (ii) and its obligation to transfer Collections to the Distribution Account in accordance with the Servicing Agreement, the Servicer shall be entitled to hold, use and invest the Collections at its own risk without having to segregate such funds from its own or other funds, and the Servicer will be required to make a deposit of the monthly Collections collected by it to the Distribution Account on the sixth (6th) Business Day prior to each Payment Date. Otherwise, Collections collected by the Servicer will be required to be remitted by it to the Distribution Account on the third (3rd) Business Day after receipt of such Collections.

Information as to the present lending business procedures of VWFC are described in the sections entitled "BUSINESS PROCEDURES OF VWFC" and "ADMINISTRATION OF THE PURCHASED RECEIVABLES UNDER THE SERVICING AGREEMENT" below, however, VWFC will be permitted to change those business procedures from time to time in its own discretion.

The Servicer is permitted to delegate some or all of its duties to other entities, including its Affiliates and subsidiaries, although the Servicer will remain liable for the performance of any duties that it delegates to another entity.

The Servicer will be entitled to receive a fee (the "**Servicer Fee**") on each Payment Date for the Monthly Period related to such Payment Date in accordance with the Order of Priority. Any statutory turnover tax applicable to the Servicer Fee shall be borne by the Servicer, and the Servicer shall have no further claim to remuneration and/or cost reimbursement.

After a Servicer Replacement Event, the Issuer is entitled to dismiss the Servicer.

Account Agreement

The Issuer, the Servicer and the Account Bank will enter into an Account Agreement, pursuant to which (a) the Cash Collateral Account and (b) the Distribution Account (collectively, the "**Accounts**") shall be opened in the name of "CCB TRUST CO., LTD. DRIVER CHINA EIGHTEEN TRUST". The sole account holder of the Accounts shall be the Issuer.

The Issuer shall instruct and authorize the Account Bank to release an amount from the Accounts in accordance with a Payment Instruction executed by the authorised representatives (including but not limited to, in accordance with the Trust Agreement, instructing the Account Bank to on relevant date (a) transfer relevant amounts out of or into the Cash Collateral Account (if applicable) and (b) transfer to the Paying Agent), provided that the relevant Account contains sufficient cleared funds to make such payment. The Account Bank shall release the relevant amount in accordance with the Payment Instructions signed by an Authorised Representative.

If a Foreclosure Event occurs, the Issuer is entitled to close the Accounts and appoint a successor account bank (the "**Successor Account Bank**") and open new accounts (the "**Successor Accounts**") at the Successor Account Bank.

In the case of the occurrence of a Termination Event (as defined under the Account Agreement), the Account Bank hereby undertakes that (a) before the Successor Accounts are opened and the money in the Accounts are transferred to the Successor Accounts, it shall continue to properly fulfill all its obligations and liabilities under the Account Agreement, (b) according to the instructions of the Issuer, it shall transfer all the funds in the Accounts to the Successor Accounts; (c) it shall cooperate with the Servicer, the Issuer and the Successor Account Bank to ensure a smooth transition from the Account Bank to the Successor Account Bank; and (d) it shall not claim right of set-off or counterclaim or any other similar right in respect of the funds in the Accounts vis-à-vis the Successor Account Bank.

In the case of the occurrence of a Termination Event (as defined under the Account Agreement), the Account Bank shall, (a) reimburse to the Issuer any up-front fees, on a *pro rata* basis, paid by it for the period after the date on which the substitution of the Account Bank with the Successor Account Bank is taking effect; and (b) reimburse the Issuer and the Servicer for all the costs (including legal costs and administration costs) incurred for the purpose of appointing the Successor Account Bank.

Upon the transfer of the Accounts to the Successor Account Bank, the Issuer and the Servicer shall procure that, prior to the transfer:

- (i) the Successor Accounts shall be opened and made available to the same extent and in the same manner as the Accounts held at the Account Bank; and
- (ii) the Successor Account Bank enters into an agreement substantially similar to the terms of the Account Agreement.

The Servicing Agreement shall terminate upon the transfer of the Accounts.

Underwriting Agreement

The Trust Company, as the Issuer of the Senior Asset Backed Notes, shall enter into an Underwriting Agreement with the Lead Underwriter and the Joint Lead Underwriters, pursuant to which the Lead Underwriter and the Joint Lead Underwriters shall underwrite the Senior Asset Backed Notes and will be entitled to certain Underwriting Remuneration.

10 REPURCHASE, EARLY SETTLEMENT/CLEAN-UP CALL AND TERMINATION

Repurchase of Trust Assets

In the event of a breach of any of the warranties set forth in Clause 12.2 (*Purchased Receivables*) of the Trust Agreement on the Cut-Off Date which materially and adversely affects the interests of the Issuer, the Trust or the Noteholders, the Originator shall have until the end of the Monthly Period which includes the sixtieth (60th) day (or, if the Originator elects, an earlier date) after the date that the Originator became aware or was notified of such breach to cure or rectify such breach.

If the Originator does not cure or rectify such breach prior to such time, it shall repurchase the Purchased Receivables affected by such breach which materially and adversely affects the interests of the Issuer, the Trust or the Noteholders from the Trust Company on the next Payment Date immediately following the expiration of such 60-day period. Any such repurchase by the Originator of the Purchased Receivables on the relevant Payment Date shall be at a price equal to their then outstanding Discounted Receivables Balance. Upon payment of such amount by the Originator, the Trust Company shall reassign and execute and deliver such instruments of assignment or reassignment, in each case without recourse or representation, as shall be reasonably necessary to vest in the Originator or its designee the Receivables so settled.

Early Settlement/Clean-up Call

If an Event of Legitimate Repudiation of Loan Contract occurs, the Issuer may, by written notice, demand the Originator to immediately reimburse the Issuer the Discounted Receivables Balance of the relevant Purchased Receivables, which shall be calculated by using the Discount Rate and on the basis of a 360-day year with 30 days per month. Discounting shall be made on the last calendar day of the month in which the Settlement shall become effective. Such amount shall be due immediately.

Under the Trust Agreement, the Originator will have the option to exercise a Clean-Up Call and to repurchase the Purchased Receivables from the Issuer on any Payment Date when the Aggregate Discounted Receivables Balance is less than 10 per cent. of the Aggregate Discounted Receivables Balance as of the Cut-Off Date provided that all payment obligations under the Class A Notes will be thereby fulfilled by the proceeds of such purchase. The “Clean-Up Call Settlement Amount” means provided the Originator chooses to exercise a Clean-up Call, an amount equal to the outstanding Discounted Receivables Balance of all Purchased Receivables which would have become due if the Clean-Up Call had not occurred, calculated on the last calendar day of the preceding month to the month in which the repurchase is to become effective. For the purposes of calculating the Clean-Up Call Settlement Amount the risk of losses inherent to the relevant Purchased Receivables shall be taken into account on the basis of the risk status of such Purchased Receivables assessed by the Originator immediately prior to the buyback becoming effective. The Clean-Up Call Settlement Amount shall be due immediately.

Payment of Settlement Amount and Clean-up Call Settlement Amount shall be credited to the Distribution Account by the Originator.

Upon payment of such amount by the Originator, the Trust Company shall reassign and execute and deliver such instruments of assignment or reassignment, in each case without recourse or representation, as shall be reasonably necessary to vest in the Originator or its designee the Receivables so settled.

Termination of the Trust

The term of the Trust shall commence on the Trust Formation Date and end on the Trust Termination Date, both dates inclusive.

The Trust Company shall, subject to the relevant resolutions passed at a Controlling Noteholders’ Meeting (save for paragraph (d) below), have the right to declare an early settlement of the Trust or liquidate the Trust upon the occurrence of any of the following events:

- (a) the Originator having exercised the Clean-Up Call option under Clause 4.3 of the Trust Agreement and paid the Clean-Up Call Settlement Amount in accordance with Clause 4.4 and Clause 4.5 of the Trust Agreement;

- (b) there is an amendment to the tax law in China which adversely affects the financial balance of the Trust;
- (c) the Trust Company being terminated is not replaced with a successor Trust Company, in each case in accordance with the terms of the Trust Agreement;
- (d) the unanimous decision of 100% of all Noteholders (whose Notes have not been fully redeemed) having been made to liquidate the Trust;
- (e) a Foreclosure Event having occurred; or
- (f) a Trust Liquidation Event having occurred.

11 TAXATION

Taxation on the Trust Assets

The tax liability for the trust property is as follows:

If the income of financial institutions investors (including banks and non-bank financial institutions) and non-financial institution investors during the period of holding the Asset-backed Securities of the Assets (including at maturity) is principal guaranteed income, they shall be regarded as providing loan service, and the corresponding interest income shall be subject to VAT .

VAT shall be paid on the price difference income calculated by investors the selling price minus the buying price which are obtained by investors of financial institutions (including banks and non-bank financial institutions) and non-financial institution investors from the sale of the Assets.

Corporate Income Tax

Income from the transfer of the Assets by VWFC as the Originator shall be subject to CIT according to relevant CIT policies, and the loss incurred from such asset transfer may be deducted according to relevant CIT policies. If VWFC deems or replaces the transferred Assets it shall follow the existing CIT policies concerning asset transfers.

In the process of the transfer, deemption and replacement of the Assets, VWFC, as the Originator, and CCBT, as the Trustee, shall pay cost and expenses according to arm's length principle; if the payment is not in accordance with arm's length principle, the tax authority shall make adjustments the pursuant to the PRC Administrative law on Tax Collection.

CIT is temporary not imposed, in the course of trust, if the trust returns has been allocated to the institutional investors (referred to as "institutional investors") of the Assets during the year when such returns are generated; after the institutional investors acquire such part of returns, they shall recognize the taxable income according to the accrual principle, and CIT shall be calculated and paid according to CIT policies. For the part of the trust returns that has not been allocated to the institutional investors during the year when the returns are generated, the trustee shall, in the course of trust, declare and pay CIT in accordance with the CIT policies; for such part of returns which has been taxed in the coure of trust, and is then redistributed to the institutional investors, the institutional investors shall make treatments accordance with the current relevant CIT policies concerning after-tax income.

The price difference income from the ABS trading made by the institutional investors shall be subject to CIT in accordance with the CIT policies, while the losses occurred from such trading may be deducted according to relevant CIT policies. Income derived from the trust liquidation distribution by the institutional investors shall be subject to CIT according to relevant CIT policies, and from the liquidation may be deducted according to relevant CIT policies.

In the transaction process of securitization of the Assets, the service income obtained by VWFC as the loan service institution, the trust remuneration obtained by CCBT as the trustee institution, the remuneration obtained by PSBC Beijing Branch as the fund custody institution, the remuneration obtained by the CDCC or other institutions designated by the regulatory department to provide the ABS registration and custody services as the registration and custody institution and the service fee income obtained by other institutions providing services for the securitization of the Assets shall be included in their taxable income and CIT shall be calculated and paid at their applicable tax rates.

CCBT as the trustee institution, CCDC, or other institutions designated by the regulatory authorities to provide registration and custody services, as the Securities Depository, shall provide all financial information about the Trust and the detailed information related to the distribution of returns to the institutional investors to the tax authority in charge of the Trust and the tax authorities where the institutional investors are located.

Stamp Tax

The Trustor (VWFC) and the Trustee (CCBT) are temporarily exempted from SD on the agreements (if taxable) signed with the Fund Custodian, the Securities Depository (CCDC) and other servicing institutions providing services for the securitization transactions.

The Trustee (CCBT) is exempted from SD for the issuance of the Assets, and the institutional investors are temporarily exempted from SD on trading the ABS.

The trust account books set up by the Trustor (VWFC) and the Trustee (CCBT) specially for the ABS are temporarily exempted from SD.

- (e) no Purchased Receivable is overdue;
- (f) the status and enforceability of the Purchased Receivables is not impaired due to warranty claims or any other rights of the Borrowers;
- (g) none of the Borrowers is an affiliate of Volkswagen AG or an employee of VWFC;
- (h) according to VWFC's records, no termination of any Loan Contract has occurred;
- (i) the Loan Contracts shall be governed by the laws of China and have not been concluded prior to January 2008;
- (j) the Loan Contracts have been entered into exclusively with the Borrowers which, if they are corporate entities have their registered office in China or, if they are individuals have their place of residence in China;
- (k) on the Cut-Off Date, at least two contractual installments (which include interest payments) have been paid in respect of each of the Purchased Receivables and that each Purchased Receivable requires monthly payments to be made within sixty (60) months of the date of origination of each Loan Contract and may also provide for a final balloon payment;
- (l) each of the Purchased Receivables will have at least no less than (6) and no more than (58) instalments;
- (m) the total outstanding amount of Purchased Receivables entrusted under the Trust Agreement pursuant to the Loan Contracts with one and the same Borrower does not exceed RMB4,000,000 in respect of any single Borrower;
- (n) the Loan Contracts which are subject to the provisions of PRC law on consumer financing, comply in all material respects with the requirements of such provisions;
- (o) according to VWFC's records, no insolvency proceedings have been initiated against any of the Borrowers during the term of the relevant Loan Contract up to the Cut-Off Date;
- (p) each Loan Contract under which the relevant Receivables arise provides for a mortgage of the relevant Financed Object;
- (q) the Purchased Receivables are "normal" loans according to NFRA's "5-category" loan classification method;
- (r) the Purchased Receivables are denominated in RMB;
- (s) at the time each Loan Contract was entered into, the Receivable under such Loan Contract was approved by the Originator in the ordinary course of the Originator's business; and
- (t) the maximum delinquent days of each Purchased Receivable were historically no more than 60 days.

In the event of a breach of any of the warranties set forth above at the Cut-Off Date which materially and adversely affects the interests of the Issuer or the Noteholders, VWFC shall have until the end of the Monthly Period which includes the sixtieth (60th) day (or, if VWFC elects an earlier date) after the date that VWFC became aware or was notified of such breach to cure or correct such breach. Any such breach or failure will not be deemed to have a material and adverse effect if such breach or failure does not affect the ability of the Issuer to receive and retain

timely payment in full on the related Purchased Receivable. If VWFC does not cure or correct such breach prior to such time, then VWFC shall repurchase any Purchased Receivables affected by such breach which materially and adversely affect the interests of the Issuer or the Noteholders from the Issuer on the Payment Date following the expiration of such period. Any such repurchase by VWFC of the Purchased Receivables on such Payment Date shall be at a price equal to their then outstanding Discounted Receivables Balance.

The Purchased Receivables generally have characteristics that demonstrate the capacity to produce funds to serve as payments due and payable on the Notes, however, VWFC does not warrant the solvency (credit standing) of the Borrowers.

Description of the Loan Contracts, Purchased Receivables, Financed Objects and Borrowers as of the Cut-Off Date

The portfolio information presented in this Offering Circular is based on the pool as of the Cut-Off Date.

13 ASSET POOL CUT MECHANISM

As the “Discounted Receivables Balance” mechanism is introduced into this Issue, operationally the asset pool will be determined by two pool-cuts, i.e. the “red-pool” and the “black-pool”. After the pricing is fixed through book building issuance, the “black pool” size will be calculated based on the approved assets backed securities issuance size and according to the discount rate determined through pricing, so as to determine the final scope of underlying assets that are trusted to the special purpose trust.

14 HISTORICAL PERFORMANCE DATA

VWFC has extracted data on the historical performance of the auto loan portfolio. The tables below show historical data on loans overdue 90 days and loans overdue 180 days, for the period from April 2010 to March 2026 from contracts originated since April 2010 and defaulted before March 2026.

Total Portfolio

Loans overdue 180 days data displayed below are in static format and show the cumulative balance of loans overdue 180 days realised after the specified number of months since origination, for each portfolio of loans originated in a particular month, expressed as a percentage of the original principal balance of that portfolio. Cumulative balance of loans overdue 180 days are calculated by deducting the vehicle sales proceeds as well as any other recoveries from the outstanding balances of the respective loans up to 180 days since loans were overdue. The data includes standard and balloon loans to corporate and private debtors to finance new and used vehicles.

15 SENSITIVITY ANALYSIS OF EACH CLASS OF ASSET BACKED NOTES

Tiered Design

In view of the needs of the investors and the features of the asset pool, the Notes in this issue have been divided into two tiers, namely Class A Asset Backed Notes and Subordinated Notes, in the ratio of 81.62 % and 13.38 %, respectively, and the ratio of overcollateralisation is 5.00%. The Class A Asset Backed Notes are rated AAA_{sf} (China Bond Ratings) / AAA_{sf} (Fitch Bohua) and the Subordinated Notes have not been rated.

Interest Rates of the Notes in This Issue

The Class A Asset Backed Notes and Subordinated Notes have fixed interest rates.

Weighted Average Tenors

Assume that no losses, repayment or delay in payment exists, and the Clean-Up Call, the weighted average tenors of the Class A Asset Backed Notes and Subordinated Notes are 1.46 years and 2.66 years, respectively.

Interest Rate Sensitivity Analysis

Interest rate fluctuations will have no effect on the rate of return on each Class of Notes, because the interest rates on the Notes (including the Class A Asset Backed Notes and the Subordinated Notes) are fixed.

Estimated Effect of Prepayments

The Notes in this issue are pass-through securities. Their weighted average tenors will shrink if the prepayment rate rises, as specified below:

Changes in Weighted Average Remaining Tenor of Each Class of Notes (with Clean-up Call)

Prepayment Rate	Class A Notes (years)	Subordinated Notes (years)
0.00%	1.46	2.66
5.00%	1.36	2.48
10.00%	1.27	2.30
15.00%	1.18	2.13

Changes in the maturity dates of each Class of Notes in the event of prepayment are specified in the following table:

Changes in Expected Maturity Dates of Each Class of Notes (with Clean-up Call)

Prepayment Rate	Class A Notes	Subordinated Notes
0.00%	2030/6/26	2030/6/26
5.00%	2030/4/26	2030/4/26
10.00%	2030/2/26	2030/2/26
15.00%	2029/12/26	2029/12/26
